*Proceedings of the Madras Government, Public Works Department,
18th March 1876.*

No. 300. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Major-General G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Fort William, 11th February 1876, No. 71 A.—I. :—

I AM directed to acknowledge receipt of your endorsement, No. 2,963, dated 16th October 1875, forwarding copy of the Proceedings of the Government of Madras relating to the extension of the Pennair Anicut, and, in reply, to state that the Government of India are glad to find from the papers sent up that the returns from the anicut promise favorably. But, until the Capital and Revenue Accounts of that system of irrigation are made up on a basis which can be accepted as reliable and conclusive, the Government of India have no alternative but to maintain the prohibition against classifying the expenditure on the extension of the anicut as Extraordinary.

2. It is noticed that the Government of Madras have submitted a separate application for an additional grant under Ordinary to provide for the outlay on this work. Orders on this application will be issued in due course.

3. In the Proceedings of the Government of Madras, No. 1,738, dated 19th June 1875, the estimate for the extension of the anicut has been brought under review. But it is not apparent from those Proceedings whether the estimate has been sanctioned. Neither have the Government of India been asked for their sanction to the work. On this point I am to invite attention to paragraph 10, Clause 1, of the orders on the Madras Irrigation Budget Estimate for 1875-76, and to say that the Government of India will await an expression of the intentions of the Government of Madras on the subject.

No. 301.

ORDER THEREON, 18th March 1876, No. 710.

IRRIGATION, No. 26.

HIS GRACE the Governor in Council observes that when the Order of the 19th June 1875, No. 1,738, on the revised estimate for the Pennair Anicut extension was passed, it had not been finally decided whether the work was to be carried out under Extraordinary or Ordinary. The revised estimate was accepted in lieu of the approximate estimate, on which the District Engineer was authorized in G.O., No. 198, of the 23rd January 1875, to go on with the work, and by an inadvertence express sanction was not recorded.

2. Ordered that the following letter be sent.

IRRIGATION, No. 27.

SIR,—In reply to your letter, No. 71 A.—I., of the 11th ultimo, I am directed to state that the extension of the Pennair Anicut has been nearly completed, and the acceptance, in G.O., No. 1,738, of the 19th June 1875, of the revised estimate in lieu of the approximate estimate on which, in G.O., No. 198, of the 23rd January 1875, the execution of the work was authorized was considered equivalent to its sanction, though by an inadvertence that sanction was not directly expressed.

I have the honor to be,

Sir,

Your most obedient Servant,

Major-General, R.E.,
Secretary to Government.
