*Proceedings of the Madras Government, Public Works Department,
18th March 1876.*

Read the following papers:—

No. 310. From K. F. NORDMANN, Esq., Officiating District Engineer, Vizagapatam, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Ittykavalsa, 27th January 1876, No. 1,743.

With reference to the accompanying list of disallowances from the travelling allowance bill of Golgondah Range for November last, I have the honor to inform you that the Assistant Engineer in charge of that range halted at Waltair (which is not in his range) for eleven days, from 18th to 28th November, under instructions from my predecessor. Copy of Major Hindle's letter to Mr. Brickwell is annexed.

2. The Controller of Public Works Accounts states in the above-mentioned list that, as Mr. Brickwell's stay at Waltair exceeded ten days, audit of his claim to travelling allowance for that period is deferred pending sanction of Government.

3. Clause I. of G.O., No. 2,196, of 28th July 1875, directs that Range Officers may visit other ranges in the same district with the permission of the District Engineer; but does not limit the duration of the visit to ten days. Clause III. states generally that absence beyond ten days must receive previous sanction of Government.

4. I beg to enclose, for your information, a copy of Mr. Brickwell's letter, and request that the Controller may be authorized to pass travelling allowance to the Assistant Engineer for the eleven days (including two Sundays) he halted at Waltair.

From F. BRICKWELL, Esq., C.E., Assistant Engineer in charge of Golgondah Range, to K. F. NORDMANN, Esq., Officiating District Engineer, Vizagapatam, dated Yellamunchelly, 11th January 1876, No. 285.

In enclosing a list of disallowances from the travelling allowance bill of this range, in which the Controller states that, under G.O., No. 2,196, dated 28th July 1875, application should be made to Government for sanction to the charge of Rupees 44 for eleven days on which I halted at Waltair in the month of November last at the request of the District Engineer, I have the honor to point out that the Controller appears to be under a misapprehension as to the nature of the ruling in Clause I. of the Government Order, which does not limit the duration of the visit to ten days.

2. Even if it was so, I have the honor to point out that the last day of my visit, November 28th, was Sunday, which in accordance with the spirit of the rules, though not perhaps according to the actual letter, does not count.

3. Should the Controller still be unconvinced, I have the honor to request you to forward this application, through that officer, to Government for sanction.

No. 311.

ORDER THEREON, 18th March 1876, No. 715.

ESTABLISHMENT, No. 18-A.

Mr. BRICKWELL claims travelling allowance for eleven days' halt at Waltair, under the orders of the District Engineer. It would appear from his Inspection List that he went into Waltair originally for medical

advice, as the entry against the dates from 17th to 20th inclusive is "sick." It was not till the 21st that the entry occurs, "directed by the District Engineer to halt at Waltair." Hence his halt on duty at that place was only for eight days, and his claim to travelling allowance must be regulated by the Examiner accordingly. He will pass full or half allowance as the rules may prescribe.

2. Mr. Brickwell would not have claimed travelling allowance from the 17th to the 20th under ordinary circumstances; and his detention on duty after those dates does not confer a claim that otherwise did not exist.
