Fort St. George,
14th March 1876.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

SUBMITTED for the information of Government.

The expenditure of the month on repairs was Rupees 91,905, and that up to the end of the month was Rupees 57,149 in excess of five-sixths of the whole grant, which would correspond to the requisite outlay of ten months.

Ganjam, Cuddapah, South Arcot, Salem, and Coimbatore are the districts in which the progress shown is not satisfactory.

2. The expenditure of the month on Minor New Works was Rupees 11,591, and the expenditure to the end of the month fell short of the average required by Rupees 17,141, which is to be regretted, seeing how small is the grant available compared with the great want, in most districts, of new or additional surplus weirs and additional sluices for tanks.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

*Proceedings of the Madras Government, Public Works Department,
27th March 1876.*

No. 394.

ORDER THEREON, 27th March 1876, No. 758.

IRRIGATION, No. 30.

Account.

ORDERED to be recorded with the remark that any remissness upon the part of District Engineers in utilizing the small grants under Minor New Works will be specially noticed in reviewing the return for March, and those in whose districts inadequate progress may have been made, with either Repairs or Minor New Works, will be careful to submit explanations.

(True Extract.)

Major-General, R.E.,
Secretary to Government.

To all Superintending and District Engineers.
To the Chief Engineer for Irrigation.
„ Examiner of Public Works Accounts.
