*Proceedings of the Madras Government, Public Works Department,
14th January 1876.*

No. 146. Read the following Proceedings of the Madras Government in the Financial Department, dated 30th December 1875, No. 2,523 :—

Proceedings of the Board of Revenue, dated 21st December 1875.

Read letter from the Acting Collector of Chingleput, dated 18th November 1875, No. 670, forwarding Special Local Fund Budget for 1876-77.

THE Board resolve to submit, for the approval of Government and for transfer to the Public Works Department, the accompanying detailed Budget of expenditure out of the Cochrane and Sadras Canal Fund for the year 1876-77, agreeably to the G.O., Revenue Department, dated 31st March 1875, No. 600.

2. The total estimated receipts and charges of the fund are as follow :—

Estimated Balance at the beginning of the year.	Estimated Receipts.	Total.	Estimated Expenditure.	Balance at the close of the year.
RS. 13,730	RS. 45,050	RS. 58,780	RS. 54,370	RS. 4,410

3. The Collector estimated the opening balance of the year at Rupees 11,700 against Rupees 1,400 shown in the current year's Budget, based upon the Regular estimate for the current year; but it having been ruled in paragraph 3 of the G.O., Financial Department, dated 9th February 1875, No. 283, that the charge of 25 per cent. on the outlay by the Public Works Department should include the cost of the Petty Establishment (Rupees 1,980), the Board have excluded this item from the proposed expenditure of 1875-76 and added it to the balance, thus raising it to Rupees 13,730 as shown above. In paragraph 3 of his letter the Collector explains that the receipts of the fund during the year 1874-75 were only Rs. 33,780, owing to the small quantity of salt transported to Madras in that year, but as a larger quantity has been manufactured this year, the tolls from salt-boats have been large and are expected to yield Rupees 50,650. This chiefly accounts for the larger balance shown.

4. The expected receipts amount to Rupees 45,050 against Rupees 42,000 in the current year's Budget showing an increase of Rupees 3,050.

5. The proposed expenditure may be classified as follows :—

By Public Works Department.	{ New Works	RS. 8,150
	{ Repairs	32,650
Petty Establishment		40,800
Cost of Public Works supervision, at 25 per cent. on the proposed expenditure, minus the cost of Petty Establishment		1,980
Establishment and Contingencies... ..		8,220
		3,370
		<u>54,370</u>

6. The total assignment for New Works and Repairs is Rupees 40,800 against Rupees 28,200 in the current year's Budget. The increase of Rupees 12,600 is principally owing to provision having been made for the special works for deepening

(Signed) H. E. STOKES,
Acting Secretary.

The Budget estimate of the Cochrane and Sadras Canal Funds shows that the anticipated receipts during 1876-77, including the opening balance, Rupees 13,730, will be Rs. 58,780

Estimated Receipts including Balance.	Estimated Expenditure.	Balance.
RS.	RS.	RS.
58,780	54,370	4,410
	The charges	54,370
	Balance ..	4,410

2. The Board of Revenue have explained the cause of the variations in the opening balance and the increase in the probable receipts in 1876-77.
3. The proposed expenditure is sanctioned.
4. The estimate will be transferred to the Public Works Department for entry in the Budget of that department.
