*Proceedings of the Madras Government, Public Works Department,
29th March 1876.*

No. 458. Read the following letter from Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 29th February 1876, No. 251:—

I HAVE the honor to request the sanction of Government to my arranging this office establishment as shown in the accompanying statement. Several members of the office establishment of the Inspecting Engineers, transferred to the Central Office under G.O., No. 3,373, dated 24th November 1875, have been disposed of by transfer to the regular establishments of District Engineers, and this has rendered available for disposal a sum representing the aggregate of their pay, I desire to utilize at once this amount in providing assistance for the office of a kind which is the most urgently required, and as an instalment of the increase which it is intended to apply for when a complete scheme has been worked out for the Irrigation Office.

2. The present proposals involve no increase to the general scale of sanctioned establishments, and the appointments, so far as regards the clerks brought into the department, may be considered as temporary for the present.
