*Proceedings of the Madras Government, Public Works Department,
14th January 1876.*

No. 164. Read the following letter from Colonel H. DRUMMOND, R.E., Deputy Secretary to the Government of India, Public Works Department (Railway), to Major-General G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department (Railway), dated Fort William, 5th January 1876, No. 18 R. :—

I AM directed to acknowledge the receipt of your letter, No. 3,435, dated the 3rd December 1875, and in continuation of Public Works Department No. 2,622 R., dated the 21st October 1875, to say that the present strength of Engineers on the Madras Railway need not be increased on account of the re-construction works on the North-west Line, and that a suitable bonus to the existing staff will probably meet the requirements of the case. After the re-construction works have been completed the earliest possible opportunity should be taken for reducing the staff to its permanent strength of not more than thirteen Engineers.

No. 165. ORDER THEREON, 14th January 1876, No. 84.
