*Proceedings of the Madras Government, Public Works Department,
1st April 1876.*

No. 3. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 18th March 1876, No. 144:—
From R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madras, 14th March 1876, No. 251.

I HAVE the honor to inform you, in reply to your letter, No. 247, of the 8th instant, that the Acting Consulting Physician reports that every precaution is being taken to prevent the spread of cholera at Raichore, and he receives a daily report from the Apothecary.

2. No further case has occurred at Raichore since the death of Engine Driver Hudson, but it is reported that cholera has broken out at the village of Nuncherla, about four miles from the Railway station.

3. It is also reported that small-pox is prevalent at Nuncherla and in the town of Gooty. The only case of small-pox reported among the Company's servants at these two places is that of the Station Master at Nuncherla, who is under the care of the Railway Apothecary.

SUBMITTED for the information of Government, in continuation of No. 113, dated the 2nd March 1876.

2. The Agent has been asked to call upon the Consulting Physician to report in detail upon the steps taken by him to check the spread of cholera and small-pox at Raichore and Nuncherla.

(Signed) J. H. M. SHAW-STEWART, Lieut.-Col., R.E.,
Consulting Engineer for Railways.

AGENT AND MANAGER'S OFFICE.

Madras, 14th March 1876.

From

R. B. Edwin Esq.
Agent and Manager, M. R. Co.

To

At Bob I Hall Shew Stewart, Esq.
Consulting Engineer for Railways.

Sir,

I have the honour to inform you in reply to your letter of 24th of the instant that the Acting Consulting Physician reports that every precaution is being taken to prevent the spread of Cholera at Raichore, and he receives a daily report from the Apothecary.

2. No further case has occurred at Raichore since the death of Engine Driver Hudson but it is reported that Cholera has broken out at the village of Kuncherla, about 14 miles from the Railway station.

3. It is also reported that Small-pox is prevalent at Kuncherla and in the town of Certy. The only case of small-pox reported among the Company's servants at these two places is that of the Station master at Kuncherla who is under the care of the Railway Apothecary.
