Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
3rd April 1876.*

No. 28. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 27th March 1876, No. 155:—

From R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madras, 24th March 1876, No. 287.

Has the honor to enclose copy of a letter* from the Acting Consulting Physician,

* No. 68, dated 2nd March 1876. reporting the result of his inspection of the stations on the South-west and North-west Lines, including the Bellary, Bangalore and Nilgiri branches.

From Dr. W. ELDER, Acting Consulting Physician, to R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, dated Royapooram, 2nd March 1876, No. 68.

I HAVE the honor to inform you that I was engaged for twelve days during the past month in inspecting the stations, waiting rooms and latrines on the North-west and South-west Lines, including the Bellary, Bangalore and Mettapolliam branches. I found the latrines, waiting rooms and stations, with a few exceptions, to be clean and tidy. The cleanliness of the enclosures of some of the smaller stations is not so well attended to as it might be, and I have called the attention of the Traffic Manager to the defects.

2. The sanitary condition of the Porters' and Clerks' Lines at Jollapett and Porters' Lines at Bangalore would be much improved if a better system of drainage could be devised than that which at present exists. I have seen the Deputy Chief Engineer relative to this matter, and he has promised to give it his best attention.

3. I found the Apothecary & Ghosy in great difficulties with his conservancy staff. He complains that the toties have to live in the village, and a large proportion of their time is taken up in walking to and from their homes. He proposes that four huts be erected within the Railway Station compound for their accommodation. I am of opinion that this should be done at an early date.

4. I also examined the records and medicines in charge of the Apothecaries, and have much pleasure in reporting favorably on all. I found their journals, case books, very well kept, and their descriptions and treatment of diseases creditable.

5. I may mention that I was particularly well pleased with the records of Apothecaries Lowe, McCoy, Kierulf and Perumal, and with the clean and tidy condition of the dispensaries of Mann, Rungaswamy, Kierulf, Hussain Baig and Perumal.

SUBMITTED for the information of Government.

2. The attention of the Agent has been drawn to remarks in paragraphs 1 and 3 of the report.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
Consulting Engineer for Railways.

Madras Railway Company
Consulting Physician's Office
Royapettah 2 March 1876.

The Agent and Manager
Madras Railway Company

Dear Sir,

I have the honour to inform
you that I was engaged for 12 days during
the past month, in inspecting the stations,
waiting Rooms and Latrines on the North
West and South West Lines, including the
Bellary, Bangalore, and Mettupallem
branches. I found the Latrines, waiting
rooms and stations, with a few exceptions,
to be clean and tidy. The cleanliness of
the enclosures of some of the smaller
stations is not so well attended to as it
might be, and I have called the atten-
tion of the Traffic Manager to the
defects.

2 The Sanitary condition of the Porters
and clerks Lines at Jolarpett and Porters
Lines at Bangalore would be much
improved if a better system of drainage
could be devised than that which at
present exists. I have seen the Deputy
Chief Engineer relative to this matter
and he has promised to give it his best
attention.

3 I found the Apothecary at Gooty
in great difficulties with his conservancy

Staff

Staff. He complains that the Lohies have to live in the village, and a large proportion of their time is taken up in walking to and from their homes. He proposes that 4 huts be erected within the Railway Station compound for their accommodation. I am of opinion that this should be done at an early date.

18 I also examined the Records and Medicines in charge of the Apothecaries and have much pleasure in reporting favourably on all. I found their journals - Case books - very well kept and their descriptions and treatment of diseases creditable. Pt 22

5 I may mention that I was particularly well pleased with the Records of Apothecaries, Lowe, Mcboy, Kierulff and Perumal and with the clean and tidy condition of the dispensaries of Hann, Rungasawmy, Kierulff, Hussain Baig and Perumal.

I am, &c
