*Proceedings of the Madras Government, Public Works Department,
4th April 1876.*

Read the following papers:—

No. 52. From Captain L. CONWAY-GORDON, R.E., Controller of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 1st February 1876, No. 230 W.

I HAVE the honor to submit, for the orders of Government, the papers marginally noted, regarding a claim to deputation allowance which has been submitted on behalf of Supervisor and Sub-Conductor Cormac for the period* during which he held charge of the Jeypore Ghaut Division

Letter from the District Engineer, Vizagapatam, No. 1,491, of 11th December 1875, with Disallowance Statement, No. 110. Do. to do., No. 69, dated 8th January 1875.
* 3rd July to 31st August 1875.
in addition to his own charge as Sub-divisional officer in the Vizianagram Division of the Vizagapatam District.

2. The District Engineer is of opinion that deputation allowance is admissible under the revised Section 25 of the Acting Allowance Code, published in the *Fort St. George Gazette* of the 23rd March 1875. Seeing, however, that if appointed to the permanent charge of a division Mr.

† *Vide* G.O., No. 924, dated 25th March 1873. Cormac would† not be entitled to any deputation allowance, I do not understand how he can be regarded as entitled to any additional allowance for holding temporary charge. In former cases of a similar sort Government have authorized‡ the actual

‡ *Vide* G.O., No. 1,856, dated 2nd July 1875. cost of conveyance of the divisional office tents and records being disbursed, but I am not aware of any deputation allowance having been passed to a Supervisor in temporary charge of a division.

3. It may be well further to point out that the revised section quoted by the District Engineer, Vizagapatam, in support of the claim under notice, does not appear to apply either to officers or subordinates of the Public Works Department, whose claims to deputation and special allowances are regulated with reference to the special Rules in Chapter V, and Section 25, Exceptions 2 and 3, and Rule 1 of Chapter VIII of the Acting Allowance Code.

From K. F. NORDMANN, Esq., Officiating District Engineer, Vizagapatam, to Captain L. CONWAY-GORDON, R.E., Controller of Public Works Accounts, dated Camp at Vizianagram, 11th December 1875, No. 1,491.

With reference to your list of disallowances* No. 110 of 24th September 1875, objecting to pass deputation allowance to Mr. Supervisor

* Herewith forwarded.

Cormac, I have the honor to observe that this subordinate having held temporary charge of the Jeypore Range, in addition to his own charge as Sub-divisional officer of the Vizianagram Range, I am inclined to think he is entitled to an allowance according to the revised Section 25 of the Acting Allowance Code (published in the *Fort St. George Gazette* of 23rd March 1875) which runs as follows:—

“When an officer is appointed to be in charge of the current duties of an office, and the charge, in the opinion of the Local Government, entails a substantial increase of responsibility and some additional work, he is entitled to a charge allowance, to be fixed by the Local Government, not exceeding one-tenth of the pay of the office. 2 Inspection Reports.

Mr. Cormac by the temporary charge of
the Jeypore Range, in addition to his
other duties, I have the honor to submit herewith a copy of the Supervisor's letter,
together with his Inspection Lists for July and August 1875, from which it appears
that the extra work was only the current office work of that range, and that three
journeys were called for. The expenditure on works during the time was nearly
nil, only some outstanding accounts of temporary establishment having to be
settled.

be untenable under the Public Works Code. It is further untenable under the section of the Acting Allowance Code quoted by himself, did it apply; for both he and the Supervisor admit that the charge did not entail any substantial increase of responsibility or additional work, such as alone would entitle the Supervisor to a charge allowance, or justify its claim. It should never have been made.

Sir,
With reference to your Memo
N: 280 dated 8th ultimo, asking me to state
what extra work devolved on Mr. Cormie
by the temporary charge of the Serpore
Range, in addition to his other duties,
I have the honor to submit here-
with a copy of the Supervisor's Letter,
together with his Inspection List for
July and August 1875, from which it
appears that the extra work was only
the current Office work of that Range,
and that three journeys were called for.
The expenditure on works during the
time was nearly nil, only some out-
standing Accounts of temporary
establishment having to be settled.
