*Proceedings of the Madras Government, Public Works Department,
10th April 1876.*

No 170 Read the following letter from K. F. NORDMANN, Esq., Officiating District Engineer, Vizagapatam, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Camp at Vizianagram, 11th March 1876, No 1,989 —

With reference to G O, No 101, dated 12th January 1876, instructing me to take care that all the information, which has to be furnished by me to the Collector on the subject of the Kondakurla Ava Project, is supplied, I have the honor to report that I have furnished all the information called for, and the Acting Collector has informed me, under date the 7th instant, that he requires no information at present regarding the improvements to the Kondakurla Ava, or the extension of cultivation under it

2 Regarding the information called for in paragraph 2 II. of G O, 6th November 1875, No 3,160, which relates to the Ava itself, the survey with contour lines, &c, was sent to the Collector on the 4th June 1875, and a copy was forwarded to you with my letter, No 1,651, dated 6th January 1876

3 The Revenue Department has now been in possession of all the information needed by them for some months past. In your Note, No 1,106, dated 24th September 1875, paragraph 4, it is stated "Mr. Brickwell, the officer who has prepared the estimates, appears to have done all in his power to ascertain the several component parts of the cost of the improvements contemplated; and it is not known in this office what has prevented the Revenue Department from furnishing the information, without which a definite and reliable estimate cannot be framed."

No. 171. ORDER THEREON, 10th April 1876, No 941.

IRRIGATION, No 11.

The Government observe that the foregoing letter contains no reference to Proceedings of the Madras Government of the 23rd February 1876, No. 493, which perhaps had not been received when it was written. The information regarding the Ava, as exhibited on the survey, has been shown to be very far from complete, but it would seem that the Acting Collector finds it sufficient for his purpose, otherwise the instructions conveyed to the District Engineer in the above order should be attended to

To

THE Chief Engineer for Irrigation
Madras.

SIR,

With reference to G.O. No 101 dated 12th January 1876, instructing me to take care that all the information, which has to be furnished by me to the Collector on the subject of the Kondakirala Ava Project, is supplied; I have the honor to report that I have furnished all the information called for, and the ~~Asst~~ Collector has informed me, under date the 7th instant, that he requires no information, at present, regarding the improvements to the Kondakirala Ava or the extension of cultivation under it.

2. Regarding the information, called for in para² II of G.O., 6th November 1875, No 3160, which relates to the Ava itself, the survey with

Contour

contour lines &c, was sent to the Collector on
the 4th June 1875, and a copy was forwarded
to you with my letter of 1st 1875 dated 1st
January 1876.

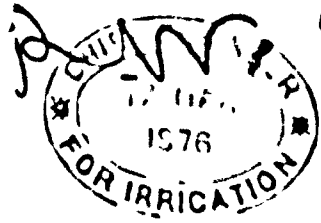

3. The Revenue Department has now
been in possession of all the information, needed
by them, for some months past. In your
Note, No 1106 dated 24th September 1875, para
4, it is stated: "Mr. Bruchwell, the officer
who has prepared the estimates, appears to have
done all, in his power to ascertain the several
component parts of the cost of the improvements
contemplated; and it is not known in this
Office, what has prevented the Revenue Depart-
ment from furnishing the information, without
which a definite and reliable estimate cannot
be framed."

I have the honor to be
Sir

Yours most obedt. Servt.

From
 The offg Dist. Engr
 Vizagapatam } (No. 1959 of 11th March 1876)

The Government observe that the foregoing letter contains no reference to Proceedings of the Madras Government of the 23rd February 1876, No. 493, which, perhaps, had not been received when it was written. The information regarding the Awa as exhibited on the survey has been shown to be very far from complete, but it would seem that the Acting Collector finds it sufficient.

Reports that all the information required by the Collector has been furnished to enable him to report on the feasibility of the improvement scheme.
