*Proceedings of the Madras Government, Public Works Department,
10th April 1876.*

No. 190. Read the following endorsement of the Superintending Engineer, Coimbatore, dated 30th March 1876, No. 138 :—

From Lieutenant A. AWDRY, R.E., Executive Engineer, Coimbatore, to Colonel C. V. WILKIESON, R.E., Superintending Engineer, Coimbatore, dated Coimbatore, 24th March 1876, No. 242.

I HAVE the honor to return your No. 397, of the 20th instant, which I received yesterday on my return to head-quarters, and to inform you that I have just returned from Kullar and Mettapolliem.

2. The Revenue authorities have taken the matter of cleaning the halting places in hand, and they are now fairly clean, and will be more thoroughly cleaned when a kiln for burning the rubbish is finished, which I was told would be to-morrow.

3. The ground about the halting places, both at the foot of the ghaut and at Kullar village, has been ordered to be cleaned daily, and trench latrines have been provided at suitable places with a man to attend to them.

4. The road itself is in fair order, but I hope to have metal which is already collected, filled, and rammed with water into such holes as there are through the surface of the road.

FORWARDED to the Secretary to Government for information with reference to Public Works Department G.O., No. 106, of 17th March 1876.

(Signed) C. V. WILKIESON, Colonel, R.E.,
Superintending Engineer, Coimbatore.
