~~B.P. No.~~ ~~Nil.~~

Dated 17-7-1996

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
17th July 1876. *No.* 1,795.

Read again, G.O., No. 632 of 9th March 1876, Public Works Department.

Read the following :—

No. 253. From Captain R. R. E. BROCKMAN, R.E., Executive Engineer in charge Government Workshop, to Major J. BEATTY, R.E., District Engineer, Godavery, dated Dowlaishweram, 4th February 1876, No. 296.

With reference to your memorandum, No. 3,101, dated 21st ultimo, and to the 2nd paragraph of the Chief Engineer's letter, therewith accompanied, I have the honor to inform you that the planing and moulding machine therein referred to, I perceive, is for wood which will not answer for this factory at present ; but the Deputy Superintendent was under the impression, when he asked for the planing machine, that it was for iron.

2. The plate-bending machine is required to bend bilge-plates of iron boats from 9 inches to $1\frac{1}{2}$ foot radius, and in thickness from $\frac{3}{16}$ inches to $\frac{3}{8}$ inches.

3. The lathes are required for turning screws from 1 inch to 3 inches in diameter, and up to 15 feet in length for screw-shutter gearing, and will occasionally be employed in cutting heavy screws of 6 inches diameter for cotton screw and oil presses, and will be used to turn cylinders from 9 inches to 16 inches diameter.

4. The whole of the machines will be worked by steam-power.

No. 253A. Endorsement of the Officiating District Engineer, Presidency, dated 6th July 1876, No. 1,826.

From J. N. GRAINGER, Esq., General Superintendent of Public Works Stores and Workshops, to Major P. MONTGOMERIE, R.E., Officiating District Engineer, Presidency, dated Chepauk, 5th July 1876, No. 444.

With reference to G.O., 20th June 1876, No. 1,522, communicated under endorsement, No. 1,683, of the 29th ultimo,

One indent in duplicate.
" " for Government of India.

I have the honor to forward, for submission to Government, a special indent for machinery required for use in the Dowlaishweram Workshop.

2. I beg that the Government may be solicited to ask the Home Government to consign the machinery direct to Cocanada if practicable, as the additional cost of landing and reshipping at Madras would be saved. The freight from Madras to Cocanada is Rupees 15 per ton.

One indent in duplicate with photographs.
" " for Government of India with photograph.

Submitted to the Chief Engineer and Secretary to Government, Public Works Department, with reference to G.O., No. 1,522, dated 20th June 1876.

2. Attention is requested to paragraph 2 of the General Superintendent's letter.

(Signed) P. MONTGOMERIE, Major, R.E.,
Offg. District Engineer, Presidency.

No 4

To The Most Honorable
the Secy. of State
for India
My Lord Marquis.

We have the honor
to forward herewith, as
Special Indent, amounting
to Rs. 1,670, for certain
Machinery required in
the Workshops of
Dowlaishweram, in
the Godavery District.

2. We would ask your
Lordship to direct
that the plant may,
if practicable, be

consigned

consigned direct to
Cocanada as by the
adoption of such as
course much additional
cost of landing and
reshipping at the Port
of Madras will be
saved: the ordinary freight from
Madras to Cocanada is Rs. 15 per ton.
3. Particulars as to
the tile to be used
machine and the latter,
for which indent is
now made, are con-
tained in a letter
from the Executive
Engineer in charge
of the Dowlaishweram
Workshops, which

is recorded in the
Proceedings which
accompany this letter.
