B.P. No.		Mis.
Dated	20-7-	1876 195

Not to be folded or roughly handled

Mad 2/7/1 200-50
Copy of a letter from the Officer in Charge of
Madanapally Range to the District Engineer
Guzerat dated 15 July 1876 No. 52.

With reference to your endorsement No. 57 dated 27th ultims, I have the honor to give the following explanation for the excess rates allowed in the Estimate of Post Office at Madanapally.

The excess of Annas 5 in the item brick in Chunnam is owing to the bricks having to be carted from a distance of $1\frac{1}{2}$ miles, which is not included in the Schedule of the District.

With regard to items Nos 2 & 3 the cartage for sand at 2 pice per para is included and I beg to state, that this rate is sanctioned for all the buildings under construction at Madanapally and paid for accordingly.

Regarding item No. 14, $1\frac{3}{4}$ Bricklayer is allowed for each Cyp, as the quantity for superstructure is much in excess of that for foundation, being 33 for 19.

The rate allowed for sundries is both for Sundries and Superintendence, 5 percent for Sundries and 5 for Superintendence.

No. 809 of 10th July 1876
