MEMORANDUM.

THE part of the question, considered at the conference held at the office of the
Board of Revenue, which had to be dealt with in the Public Works Department was
disposed of in G.O., 17th June 1876, No. 1,504, and it was mentioned at the end of
paragraph 1 of that order that "the basis on which the Revenue Receipts due to
irrigation should be calculated will form the subject of a separate order." It is not
known what steps were intended to be taken with a view to the issue of this further
order, but it seems to have been intended that it should be passed in the Revenue
Department.

2. The Order of the 20th May 1876, No. 1,268, deals only with the way in
which approximate accounts of a few of the more important irrigation works were to be
compiled at once for a special purpose.
