No. 382. Read the following endorsement of the Chief Secretary to Government, dated 11th July 1876, No. 1,072 :—

From P. S. MELVILL, Esq., c.s.i., Agent to the Governor-General at Baroda, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Baroda, 4th July 1876, No. 4,405.

I HAVE the honor to solicit the kind offices of His Grace the Governor of Madras in Council in the following matter.

2. Sir Madava Row is anxious to obtain the design for a building for the High School at Baroda from Mr. Chisholm, the Consulting Architect to the Government of Madras. From previous acquaintance with this gentleman's productions, Sir Madava Row considers that there is no one in India so capable of preparing a design combining Oriental and European architecture as he.

3. Mr. Chisholm is, I believe, about to return to India from leave to Europe, and probably he will land at Bombay. If so, we desire to induce him to come to Baroda for a few days, in order that by inspection of the ground and verbal consultation he may be informed as to what is required. The execution of the plans and estimates could be carried out by Mr. Chisholm after his return to Madras on terms of remuneration which could be settled before he left Baroda. Should there be no impediment to his undertaking the preparation of the plans and estimates, the Baroda Government would pay his travelling expenses to and from Bombay, and would offer him an honorarium of Rupees 500.

4. I would, therefore, respectfully ask that His Grace in Council may be pleased to signify his approval to Mr. Chisholm visiting Baroda for a few days on his landing at Bombay, supposing that Mr. Chisholm has sufficient leave in hand to enable him to do so, and that he is willing to come for the purpose indicated, or that, in the event of Mr. Chisholm not having sufficient leave in hand, it may be intimated to Mr. Chisholm by the Government of Madras that an extension of leave sufficient for the said purpose shall be granted to him. Ten days, or probably less, would be ample for the visit to Baroda.

5. It has been stated by the *Madras Mail* that Mr. Chisholm leaves England by the mail of the 9th instant, so that, if he comes *via* Bombay, he would land at that place about the end of the present month. Should His Grace in Council be pleased to accede to my request, I should be happy to be entrusted with any communication which may be addressed to Mr. Chisholm by the Madras Government. I would forward it by a special messenger, together with a letter from myself, to be delivered to him on landing.

6. Should any considerable delay occur in obtaining the orders of His Grace in Council, I should esteem it a favor if you would inform me by telegraph of the purport of those orders.

TRANSFERRED to the Public Works Department for disposal.

Chief Secretary.

ESTABLISHMENT, No. 29.

SIR,—I am directed to acknowledge receipt of your letter, No. 4,405, of the 4th instant, and to express regret of the Governor in Council that the pressure of work at Madras, which has accumulated during Mr. Chisholm's absence and will not allow of any delay in his return and assumption of duties, renders it impossible for the Government to comply with the request made.

of the Honble Mr. Melvill to the Honble
Agent to the Governor General
at Baroda.

The Chief Secretary to Government
Madras

Dated Baroda 4th July 1846

I have the honor to direct the Honble
Commissioner of Madras in
reference to the following matter
viz. Mr. Melvill has been desirous to obtain the
services of a building for the High School at Baroda
from Mr. Chisholm, the Consulting Architect to
the Government of Madras. From previous ac-
quaintance with this gentleman's productions, Mr.
Melvill has been convinced that there is no one in
India so capable of preparing and designing
Oriental and European Architecture as he.
Mr. Chisholm is, I believe, about to return
to India from leave to Europe, and probably he will
land at Bombay. If so, we desire to request him to
come to Baroda for a few days, in order that by
inspection of the ground and verbal consultation
he may be informed as to what is required. The
execution of the plans and estimates could be carried
out by Mr. Chisholm after his return to Madras, on
terms

terms of remuneration which could be settled before he left Baroda. Should however there be no impediment to ^{his} undertaking the preparation of the plan and execution, the Baroda Government would pay his travelling expenses to and from Bombay, and would offer him an honorarium of Rupees (500) five hundred.

4. I must therefore respectfully ask that His Grace in Council may be pleased to signify his approval to Mr Chisholm visiting Baroda for a few days on his landing at Bombay, supposing that Mr Chisholm has sufficient leave in hand to enable him to do so, and that he is willing to come for the purpose indicated, or that, in the event of Mr Chisholm not having sufficient leave in hand, it may be intimated to Mr Chisholm by the Government of Madras that a certain amount of leave sufficient for the said purpose should be granted to him. Ten days or probably less, would be sufficient for the visit to Baroda.

5. It has been stated by the "Madras Mail" that Mr Chisholm leaves England by the mail of the 9th instant, so that if he comes via Bombay he would be here at that place about the end of the present month. Should His Grace in Council be pleased to accede to my request, I should be happy to be entrusted with any communication which may be addressed to Mr Chisholm by the Madras Government. I would forward it by a special messenger, together with a letter from myself, to be delivered to him on landing.

6. Should any considerable delay occur in obtaining the orders of His Grace in Council, I should be much obliged a favor if you would inform me by telegraph of the purport of those orders.
