SIR,—I am directed to inform you that His Grace the Governor in Council has replaced the services of Mr. Executive Engineer F. Taylor and Mr. Assistant Engineer G. Nixon at the disposal of the Government of India.

2. I am to forward correspondence which will show the reasons which have induced His Grace in Council to take this step. It will be observed that no sooner had Mr. Taylor arrived in the Bellary District than he drank himself into a state of incapacity; while Mr. Nixon is reported to be suffering from an attack of fever and acute congestion of the liver, from which he appears to have been suffering before leaving Dinapore, as stated in the annexed certificate of August 4th. It is to be regretted that a person in weak health was deputed at heavy cost for famine duty. This failure of two of the officers selected for duty in Bellary District has caused much inconvenience, and I am directed to request that in the stead of these officers the Government of India will, if possible, depute to Madras an Executive and an Assistant Engineer of proved sobriety and good health.
