Sir

As directed in para 5 of G.O dated
23rd February No. 618 I have the honor
to submit a supplemental list of surrender
and demands under the head Provincial.

I have included in this list the
unexpended balance of the grant made
to the Municipality in G.O dated 30th
September 1876 No. 171 (See also G.O. 29th
April 1876 No. 203) I do not wish to deprive
the Municipality of any portion of this
money but as the grant was made for
specific works, the Municipality are not

767
No. 767 A

M. A. K. S. S. S.

I think at liberty to appropriate it to other works and as it has not for the reasons given in the statement been utilised on the specific works for which it was granted, the unexpended balance of the grant would probably lapse and remain useless at the end of the year.

In regard to the small and insufficient grants made in the G.D under reference to the works in this District and to the instructions not to exceed existing grants without specific authority. I have the honor to draw your attention to my letter No. 68 dated so far back as the 20th July 1876, in which I informed you that the subsidiary jails at Hundakur, Podilly and Karaliy were in progress in anticipation of Funds being sanctioned.

The progress of these incomplete works was continued in accordance with the standing orders of the Department and the matter was as above stated specially

brought to notice in good time. I therefore suppose that the requirements of these works have not been lost sight of in your office and that the necessary funds will now be allotted without embarrassment, more especially as they are ^{all} provided for by surrenders of other grants to this District under the same head of service.

The following abstract of surrenders and requirements will serve for convenience of reference.

Work	Grant for the year	Computed expenditure up to March	Alloberant required	Amount Surrendered	Remarks
2 nd Class Cutcherry at Sulurpett	828 ✓	2,028	1,200		This work will be completed this year.
1 st Class Cutcherry at Ranjiry	5730 ✓	3,800		1930	Grant cannot be worked out owing to difficulty in getting materials and skilled labour.
