*Proceedings of the Madras Government, Public Works Department,
4th April 1877. No. 1,100.*

Read the following letters :—

No. 9. From Lieutenant-Colonel R. B. KENNEDY, District Engineer, Malabar, to the Acting Joint Secretary to Government, Public Works Department, Buildings and Roads Branch, dated Calicut, 17th March 1877, No. 248.

REFERENCE G.O., No. 441, dated 7th February 1877.

With reference to the above I have the honor to state that on receipt of it I addressed the Master Attendant at Madras to allot Rupees 696, being the cost of emergent repairs executed to and near the Calicut Pier, a bill for which was forwarded so far back as October last. The Master Attendant has now returned the bill with a reply* herewith forwarded, and states that the amount should be adjusted in the

* No. 1,908, dated 15th March 1877.

Revenue Department. I have the honor, therefore, to refer the question to you for decision of Government, and at the same time to point out the inconvenience and delay that has been caused by the manner in which the matter has been for so many months ignored by Captain Taylor, while I was all the time naturally under the impression that he had submitted the charge for sanction by Government.

From J. II. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Administrative Department, Madras, to Lieutenant-Colonel R. B. KENNEDY, District Engineer, Malabar, dated Madras, 15th March 1877, No. 1,908.

In continuation of my letter, dated 10th March 1877, No. 1,830, I have the honor to inform you that on calling upon the Master Attendant, Calicut, for an explanation regarding the estimate in question, he refers to a *list*, dated 26th October 1876, of *expenditure incurred* in saving material of sea-wall washed down by the sea in July last, and for preventive measures adopted to protect the road frontage of the Calicut Custom House, amounting to Rupees 696-5-3. If this is what you advert to in your letter, No. 420, dated 7th instant, as an *estimate for emergent repairs to the pier at Calicut*, I herewith return it, and would refer you to the accompanying letter from the Master Attendant, Calicut, forwarding the same to this office, dated 9th November last, No. 531, in which he states that it is a charge appertaining to the Revenue Department, in order that you may have the claim adjusted in that department.

No. 9-A. From Lieutenant-Colonel R. B. KENNEDY, District Engineer, Malabar, to the Acting Joint Secretary to Government, Public Works Department, Buildings and Roads Branch, dated Calicut, 19th March 1877, No. 249.

In continuation of my letter, No. 248, of the 17th instant, I have the honor to mention the following particulars which were omitted.

2. The amount required to be provided is Rupees 696-5-3 and the work done included an attempt to save the abutment of the Calicut Pier by driving coconut piles, and on that failing, and the abutment with its wings being carried away, to supply their place with a revetment of sand bags; it also included dismantling a portion of the pier.

3. From this it will be seen that the work was done actually at the pier itself although doubtless with the further object of saving that portion of the beach opposite the Custom House from erosion.

Proceedings of the Madras Government, Public Works Department,
4th April 1877. No. 1,100.

No. 10. ORDER THEREON, 4th April 1877, No. 1,100.

CIVIL WORKS, No. 3.

As the work done was more for the
defence of the coast line than of the pier,
funds will be provided by the Public
Works Department early next year.

(True Extract.)

Read the following:—

Letters from the District Engineer Malabar
Nos 248 & 249 d/17th & 19th March 1877

FOR ORDERS.

The Public Works
Department are, it is
observed, unable to
supply funds.

W. H. H. Colonel

Act. Jt. Secy. to Govt.
Buildings & Roads Branch

I think P.W.D. must
provide funds. It is
quite evident that
the work done was
for the defence of
the coast line &
not for
being maintained
what I depend the
pier. It can be
charged to P.W.D.

Moolabear.

SIR,

In continuation of my letter dated 10th March 1877, No. 1830, I have the honor to inform you that, on calling upon the Master Attendant, Calicut, for an explanation regarding the estimate in question, he refers to a list, dated 25th October 1876, of expenditure incurred in saving material of sea-wall washed down by the sea in July last, and for preventive measures adopted to protect the road frontage of the Calicut Custom House, amounting to Rupees/696-5-3/ Six hundred and ninety six, Annas five, and Pies three. If this is what you allude to in your letter No. 420, dated 7th Instant, as an estimate for emergent repairs to the pier at Calicut, I herewith return it, and would refer you to the accompanying letter from the Master Attendant, Calicut, forwarding the same to this office, dated 9th

November

G.O. 41st April 77 No. 1100

Reference of O No 444 dt 17th January
1877

In reference to the above,
I have the honor to state that on receipt
of it, I addressed the Master Attendant
at Madras to allot Nos 696 being the
cost of Emergent repairs executed to the
Calcutta Pier, a bill for which was for-
warded so far back as October last,
the Master Attendant has now re-
turned the Bill, with a reply has
with forwarded, and states that the
amount should be adjusted in the
Revenue Department. I have the honor

1408 dt 15th
March 1877

Therefore to refer the question to you
for decision of government, and at
the same time to point out the
inconvenience and delay that has
been caused by the manner in
which the matter has been for
so many months ignored by
Captain Taylor, which I was all
the time naturally under the
impression that he had submit-
ted the charge for sanction by
government.

Sir

In continuation of my letter
No. 245 of the 17th instant, I have the
honour to mention the following
particulars which were omitted

2. The amount required
to be provided is Rs. 646. 5. 3 and
the work done included an attempt
to save the abutment of the Culvert
Pier by driving breast Piers, & on that
failing, and the abutment with
its wings being carried away to sup-
ply their place with a revetment of
sand bags; it is also included dis-
mantling

dismantling a portion of the Pier
3 From this it will be seen
that the work was done actually at
the ^{Pier} itself although it is with the
further object of saving that portion
of the Beach opposite the Custom House
from erosion.
