*Proceedings of the Madras Government, Public Works Department,
15th January 1877. No. 120.*

No. 235. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 11th January 1877, No. 17:—

ADVERTING to the Proceedings of Government, under date the 28th November 1876, No. 3,210, I have the honor to report that the necessity for additional brake power has been discussed by me with the Madras Railway officials, and I am satisfied that, looking only to the ordinary traffic, the line is understocked in this respect, and that an addition of twelve brake-vans is necessary.

2. An estimate of the cost of these vehicles, amounting to Rupees 38,400, is enclosed for the sanction of the Government of India. In consideration of the existing pressure I have authorized the commencement of the work in anticipation of sanction. The Locomotive Superintendent expects to complete them within three months from this date.

3. Funds are available from Schedule B, "Carriage and Wagon Department," and "Locomotive Department," in the Budget estimate for 1876-77, and the sanction will lapse on the 31st March 1877.

No. 236. ORDER THEREON, 15th January 1877, No. 120.
