ESTABLISHMENT, No. 16.

HIS GRACE the Governor in Council observes that arrangements are being made for the immediate relief of Captain Graham in view to his retirement.

2. Lieutenant Lever's case was dealt with in G.O., No. 2,613, dated 28th September 1876. He will have an opportunity of proving his efficiency for continued employment in the new charge to which he has been posted.

3. Sub-Overseers Kistnah and Blake should not have been entertained at the advanced ages shown in the statement. The District Engineers, Chingleput and Bangalore will take steps for relieving them at an early date. These remarks apply also to Lascars Collandy and Fuckroodeen of the South Arcot District. The age of five of the Lascars of that district is so advanced that their efficiency for camp life must be doubtful. The District Engineer will report specially on each of the men.

On receipt of this report the return called for by the Government of India in paragraph 2 of Notification No. 278,* dated 23rd May 1872, will be furnished.

Sir,

I have the honor to report for your information as follows;

Lieut. Lever reported his arrival at Tiruvattipore the head quarters of the Jeypore Range on 21st January last, and on 8th March, considering that sufficient time had elapsed to allow of his having taken charge of the Range in the way laid down by the rules of Government, I instructed him to that effect.

2. Meanwhile Lieut. Lever writing from Rambhadrapur on the 9th March reported that he had assumed charge of the Range from Serjeant Bennett, but forwarded none of the

the prescribed transfer receipts.

3. I immediately replied that this was irregular and directed that the orders relating to the subject, should be complied with; but I have heard nothing further.

4. Nine weeks have now elapsed since Lieut. Lever has commenced to take over the charge of one of the smallest Ranges in the Presidency, and as I am unable to get any information from him, nothing remains for me but to submit the circumstances for your orders.

I have the honor to be
