No. XXXI, dated 10th February 1877, regarding large public works available for

IRRIGATION, No. 21.

SIR,—In reply to the Officiating Assistant Secretary's letter No. 90 I, of the 26th ultimo, I am directed to say that Sir R. Temple's Minute referred to appears to mean that no extension of the Madras Irrigation and Canal Company's scheme beyond Cuddapah, its present terminus, can be undertaken as the Company have abandoned the intention of carrying out any part of their many schemes outside the Kurnool and Cuddapah canal, and the Secretary of State has agreed to reimburse to the Company the cost of the investigations made in connection with such additional schemes.

Despatch No. 40, dated 28th July 1876, to the Government of India.
G.O., No. 2,657, dated 3rd October 1876.

2. There is but little work to be done on the Kurnool and Cuddapah canal and that little is in connection with navigation. The Company's Chief Engineer and Manager and the Board of Directors are very anxious to go on with these navigation works, but this Government have been unable to pass any orders on the subject because no reply has been received to General Walker's letter No. 2,658, dated 3rd October 1876, or to the telegrams of the 19th January and 1st March 1877, asking for instructions from the Government of India.

I have the honor to be,
Sir,
Your most obedient servant,

Lieut.-Col., R.E.,
