Public Works DEPARTMENT

G.O. No.	1305	(Ry)	Press
B.P. No.			Mis.
Dated		17-4-	1877.

Not to be folded or roughly handled

Read the following:—

No. 214.

No. 387.

Nota.

THE annexed statement showing the amount of grain consigned to Colar Road and to the other stations on the Bangalore Branch, during certain weeks in February and March, is submitted for the consideration of His Grace the Governor, with reference to his note upon endorsement No. 148, dated the 7th March 1877.

2. The largest consignments to Colar Road were during week ended 17th March, when they averaged nearly fourteen trucks daily, or about one train load. During that week they amounted to nearly 17 per cent. of the total quantity conveyed over the branch.

3. A through grain rate between Negapatam and Bangalore has for the present been quoted equal to the through grain rate between Madras and Bangalore. This works out to a mileage rate of 4.75 Pies per ton. If between Negapatam and Colar Road a through grain rate is quoted equal to the through rate between Madras and Colar Road, it would work out to a mileage rate of 4.35 Pies per ton.

4. It will perhaps be considered sufficient, if grain consigned at Negapatam for Colar Road is carried at the reduced through rate to Bangalore. This would work out to a mileage rate of 5.35 Pies per ton.

MADRAS,
7th April 1877.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
Consulting Engineer for Railways.
