MADRAS,
21st December 1876.

(Signed) C. S. HEARN, Lieut.-Colonel,
Inspector-General of Police.

No. 257. ORDER THEREON, 15th January 1877, No. 132.

CIVIL WORKS, No. 15-A.

With his letter above recorded the Inspector-General of Police submits Revised Lists of Police Works requiring funds in 1877-78. But it is observed that the instructions given in G.O., No. 3,318, dated 8th December 1876, have not been properly attended to. It was ordered in these Proceedings that none but sanctioned Major Works should be brought forward for appropriations of funds; whereas the lists submitted comprise a large number of Minor Works, mostly unsanctioned. Several incomplete works also have been entirely omitted, while others have been insufficiently provided for.

2. On consideration of the whole subject His Grace the Governor in Council is of opinion that the time has arrived for discontinuing the exceptional procedure which obtains in regard to Police works. It is entirely opposed to the principles laid down by the Government of India for the preparation of budgets under which no works but those sanctioned and over Rupees 2,500 should be specially budgetted

*Proceedings of the Madras Government, Public Works Department,
15th January 1877. No. 132.*

for; others being provided for from the grant for Minor New Works and the Reserve; and repairs being brought forward in the usual course in district budgets and carried out from funds placed at the disposal of District Engineers. This course will not in any way militate against Police interests, and its adoption will not necessarily entail any reduction of the amount now set apart for Police works. It will accordingly be introduced with effect from the ensuing official year in which the aggregate grant for Police works will be Rupees 60,000. The list submitted by the Inspector-General will be printed with these Proceedings for the information and guidance of District Engineers in the preparation of estimates.

(True Extract.)

(Signed) G. W. WALKER, Major-General, R.E.,
Secretary to Government.

To the Inspector-General of Police.
To District Engineers.
To the Examiner of Public Works Accounts.
" Judicial Department.

NOTE IN THE PUBLIC WORKS DEPARTMENT.

Budget provision for Police Works.

PREVIOUS to the issue of G.O., No. 979, dated 8th April 1870, it had been the practice to enter in the Public Works Budget Estimates *lump sums* under the several districts for Police Works, against which detailed sanctions were given during the year. The system was found to be attended with inconvenience in practice, and it was accordingly resolved to obtain a detail list of *sanctioned works* at the commencement of each official year among which the budget provision might be distributed. These lists fell into arrears with the natural consequence that budget allotments could not be fully utilized. In order to correct this tendency, instructions were issued in paragraph 4 of G.O., No. 1,654, dated 9th July 1872, for preparation of another list, in anticipation of the issues of the Public Works Budgets of the most pressing wants of each district. These lists included as a rule unsanctioned works, and were circulated to District Engineers to guide them in the preparation of estimates. They also served to indicate the sums that required to be provided in the succeeding years' budgets.

It will thus be seen that under present orders two lists are submitted, one during the middle of the year, and the other at the commencement of the year following. The latter list should, if the system be properly worked, contain none but *sanctioned works*. This, however, has hitherto not been the case, the unsanctioned works forming the far greater proportion.

The system above described applies exclusively to the Police Department. No other department of the Government service is so exceptionally treated. The draft G.O. circulated contemplates placing the Police department on the same footing as all other departments of the service, and bringing demands for Police Works under the general Budget rules. Under these rules all demands for Police Works—*New and Repair*—should be made direct to District Engineers by the local Police Authorities after approval of the Inspector-General. District Engineers should then incorporate in their budgets submitted to Government requirements on account of Police. Due provision will thereupon be made in the general budget issued by Government. There is nothing in this system to militate against Police interests, and there is no reason why the sums hitherto made available for Police Works should not continue to be provided. It must however be distinctly understood that application for funds for *New Works* should in all cases be supported by sanctioned estimates. It is observed that the Inspector-General admits that there is no objection to the principle of the draft G.O.

(Signed) G. W. WALKER, Major-General, R.E.,
Chief Engineer, Public Works Department.

12th January 1877.

9th Note on Statement of works

The complete Ohio works
in the Kennels, South Creek
& Mineral Districts have
been omitted.

Almost all the works
entered are below \$2500.

With the very few exceptions
the works brought forward
are unsanctioned.

The "Ranges" in which
the works are situated are
not given.

R.P.
5.1.77.

My dear General

Will you kindly read
Hearns observation on
the draft G.O. Perhaps
you could add a para
clearing up his doubts
& giving the direction he
asks

Yours truly

W. L. Ellis

10/1/77

Dear Mr. Ellis
I have just received your letter of the 7th inst. and am glad to hear from you. I am well and hope these few lines will find you the same. I am very busy at present but will try to write you more fully soon. I am, dear Mr. Ellis, very truly yours,
J. W. D.

9th June 72
My dear Ellis
With regard to the copy of P.W.D. and papers herewith returned I send an acknowledgment drawn up for the list. In regard to the subject - There would seem to be some slight confusion on the part of the Secy. to Fort. P.W.D. the matters - Under the date of Fort. I list of works
J. W. D.

were sent in by the Police
Dept. - one a scheme of
proposed works for the
coming year sent in about
November & contained
both sanctioned works & new
works.

These were sent in for sanction.

8/11
between November & April
sanction was given to proposed
new works (if approved) &
plans & estimates were
made out as far as possible
but the April appropriation
list did not necessarily
correspond exactly with
the November scheme, &c.
Left in the total amount
of money to be expended -
old sanctioned works of
previous years being in some

On the 1st of 1870

cases substituted for new
works proposed in the scheme
as more urgent - but for the
estimates had not been
received -
There seems no objection
hindered to the principle
of the draft G.O. provided
(as provided) that the money
amount is not curtailed
but as it should no instructions
are given as to the manner
in which minor works are to

97
be brought forward for
sanction - Our major
works over Rs. 2500 are
very few - & it is not made
clear in what way they
these are now to be sub-
mitted -

Yours ever
C. M. M.

9 January 1877
Memorandum

The list of new works proposed for 1877/78 submitted to Government with letter N° 5826, dated 21st December 1876 is a preliminary one in accordance with para 4 of L.O. 1654 dated 9 July 1872 P.W.D. and is intended simply for insertion in the S.P.W. budget Estimate with the approval of Government. This has been the practice pursued for the past 4 years, the detailed statements of sanctioned works not being sent in until the beginning of the new official year.

2. Para 17 of L.O. N° 3044 dated 15 December 1870 specially directed the Inspector General of Police to observe that these particulars are not required to be furnished at the time of the preparation of the budget Estimate and that the provisions

provisions of Rule III apply not to the entries in that Budget but to the detailed statements due by him after the commencement of the official year.

3. The above mentioned detailed statements are those ordered in L.O. No. 979 of 8 April 1870 P.W.D. and it was understood in this Office that the instructions recently conveyed in L.O. of 8 December 1876 No. 3318 P.W.D. applied to the preparation of these statements which are due after the close of the official year - and not to the list forwarded for approval and entry in the budget. It would moreover be impossible to afford accurate information regarding incomplete works at this time of the year i.e. November when the lists were first submitted and when 5 months of the year had still to run.

4. If the present system for the Police department is to be changed detailed instructions are necessary so as to enable this Office to know the date on which and to whom the lists of Major and Minor new

Works are to be sent. It would appear from the draft L.O. that the intention of Government is that the detailed list of sanctioned works should be submitted in future in time for entry in the budget instead of being forwarded at the commencement of the new official year and that the preliminary list of works hitherto submitted for approval and insertion in the Budget Estimate should be omitted altogether.

Chapman
Asst. Insp. Genl. of Police.
