GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

30th October 1877, No. 1,345 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 302. From Captain J. L. L. MORANT, R.E., District Engineer, Nilgiris, to the Chief Engineer, Public Works Department, dated Ootacamund, 12th October 1877, No. 409.

WITH reference to Public Works G. O., No. 99, dated 18th September 1876, I have the honor to submit for sanction a plan and estimate, the latter amounting to Rs. 490, for supplying and hanging a bell in the Barrack church at Wellington.

2. Owing to inadvertence and a misunderstanding of the orders on the subject, I regret having to report that I have carried out the work and provided funds from Repairs, Military Buildings ; for doing this I beg I may be excused.

3. The framework for supporting the bell is merely laid on the top of the terraced roof of one of the side rooms adjoining the barrack room which is used as a church. It rests over the partition wall between the side room and the verandah. Through a very small hole in the roof hangs the cord by which the bell is rung. In no other way is the roof or building altered or touched. The framework supporting the bell merely lies on the roof like a piece of furniture. Thus, if the church should be removed to another part of the barracks as was of late contemplated, the bell and its apparatus could go along with it.

The bell and its hanging answers and gives satisfaction.

No. 303. ORDER THEREON, 30th October 1877, No. 1,345 W.

HIS GRACE the Governor in Council sanctions the plan and estimate of Rupees 490 for supplying and hanging a bell in the Barrack Church at Wellington.

2. The expenditure should have been charged to Civil Buildings, Provincial. The requisite adjustment will now be made.

3. This sanction has been registered as Provincial No. 194 B of 1877-78.

				Total 469 1/2
				Sundries 24
				Total Estimate Rupees 493 1/2

The bell is to be suspended from a teakwood frame work; this frame work will rest on the terrace roof over the centre partition wall. A hole in the terrace sufficient for a rope to pass through is to be made, the rope hanging down into the passage, whence the bell could be tolled. The bell to be obtained from the P. W. Workshops and Stores - Madras.

District Engineer's Office
Coimbatore 12 October 1877

Reference is made to the District Engineer's Office, Nilgiri District, Coimbatore, dated 12 Oct. 1877, and the Chief Engineer, P. W. D., Madras.

This is in reference to Public Works Order No. 99 dated 18th September 1877. I have the honor to submit for sanction the Plan and estimates, the latter amounting to Rs 490, for supplying and hanging a bell in the barrack Church at Wellington.

Owing to inadvertence and a misunderstanding of the orders on the subject, I regret having to report that I have carried out the work and provided funds from Repairs Military Buildings. In doing this I beg I may be excused.

The frame work for supporting the bell is merely laid on the top of the terrace roof of one of the side rooms adjoining the barrack room which is used as a Church. It rests over the partition wall between the side room and the verandah. Through a very small

holding the roof, being the cord by which the bell is swung. In no other way is the roof or building altered or touched. The frame work supporting the bell (merely) lies on the roof like a piece of furniture. Thus, if the Church should be removed to another part of the barracks, as was of late contemplated, the bell and its apparatus could go along with it.

The bell and its hanging answers and gives satisfaction.

I have the honor to be
Dear Sir,
Your obedient servant.

Respectfully,
Lieut. R. C.
