G.O. No. 1290	(W)	Press Mis.
Dated 23-4-		1877.

Not to be folded or roughly handled

No. 546. Read the following letter from Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to the Chief Engineer, Public Works Department, dated Camp at Goondloor, 12th April 1877, No. 107 :—

I HAVE the honor to bring to your notice that in October last I received an application marked A from one S or Seergashee Runganathum Moodelly applying for an Overseer's post in this district. There being at the time no vacancy, he was offered the appointment of a Sub-overseer, 2nd Grade, which he accepted. In November 1876 he was appointed as a Sub-overseer and posted to Proddatore Taluq. Shortly after there being a vacancy in the permanent establishment, Runganathum was promoted to extra Taluq Overseer and posted to Cuddapah Range in January last.

2. Having learnt accidentally that Runganathum Moodelly had been dismissed the service when employed in Chingleput and North Arcot Districts, I put myself in communication with the Superintending and District Engineers of those districts. From letters received from these officers it is apparent that this man was ordered to be dismissed when employed as a Taluq Overseer at St. Thomas' Mount—*Vide* G.O., No. 539, dated 28th February 1872. He then appears to have been reduced by the then Superintending Engineer and employed as a Local Fund Overseer in North Arcot District; but the Local Fund Board in Proceedings, dated 14th January 1873, dismissed him as incorrigible; and the Government in their Order, No. 1,694, dated 30th June 1873, directed that measures should now be taken to prevent his re-employment in the North Arcot or any other district. The fact of this being the same man as was employed in the Chingleput and North Arcot Districts was discovered accidentally from my having two men who knew him there. If his house name had been entered in full in the College Certificate and other documents, he would have been easily found out, and I would beg to suggest that orders be issued to invariably enter house names in full.

3. Runganathum Moodelly was struck off the strength of the department from the 6th March 1877, in consequence of his having left the district without permission and without submitting a medical certificate, and I beg to state that he is not indebted to Government. He has not taken away any Government money or property.

4. As Runganathum Moodelly stated nothing about his dismissal when he submitted his application to me and deliberately concealed the truth when asked, *vide* his letter marked B herewith enclosed, I have the honor to request orders prohibiting his re-employment in any department.

No. 547. ORDER THEREON, 23rd April 1877, No. 1,390.

ESTABLISHMENT, No. 35.

THE employment of Seergashee Runganathum Moodelly in Government Service is prohibited.

Proceedings of the Madras Government, Public Works Department,
23rd April 1877. No. 1,390.

2. His Excellency in Council agrees with Colonel Moberly in considering that in all certificates or testimonials of any kind the house names of the individuals concerned should be entered in full.
