PROCEEDINGS OF THE MADRAS GOVERNMENT.

ECCLESIASTICAL DEPARTMENT.

19th September 1876. No. 236.

URCHES—ENGLAND.

. 19. Read letter from the Venerable C. R. DRURY, M.A., Archdeacon of Madras, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 9th September 1876, No. 419.

I have the honor to forward a letter from the Church Committee at Wellington, complaining t the building used for Divine Service is very insufficiently lighted for evening service, and king for sanction to purchase six Silber's patent hanging lamps (sold at Messrs. Oakes and Co.) ich it is estimated will cost, including carriage, Rupees 130.

2. On 22nd January 1873, the Archdeacon applied to Government to sanction Rupees 168 the purchase of twenty-four lamps for even service at this station. This was, I believe, actioned in G.O., Proceedings of Madras Government, Ecclesiastical Department, 3rd February 73, No. 23.

3. It appears, however, that more light is required, and therefore I beg to submit this plication for the favorable consideration of Government.

4. In the letter of the Church Committee under consideration, I am requested to bring to e notice of Government that the Cemeteries of the English and Roman Catholic Churches at ellington are nearly full, and that it is necessary that fresh ground should be enclosed for new meteries, or an enlargement made, if practicable, of the present Cemeteries.

o. 20.

ORDER.—Ordered that paragraphs 1, 2, and 3 be referred to the Public Works epartment for disposal, and that the Commissioner of the Nilgiris be called on for report on the additional land needed for enlarging the Cemeteries at ellington.

Sir

In reply to your letter No 316 dated 6th October 1876, I have the honor to inform you that in 1873 Revd J.W. Wynch purchased six Silver Lamps with the grant of £168 made by Government. This number of lamps is utterly insufficient to light the Church. Indeed I doubt if the six additional Lamps I have asked for will do much: but I am willing to give them a trial.

I might beg of you to use all possible expedition in this matter, the days are shortening, and at the close of our evening service most of the people are in the dark

27 March 1877

To the Venerable Archdeacon Drury

Archdeacon of Madras

Venerable and dear Sir

I have the honor to acknowledge the receipt of your letter dated 26 March 1877 I can only answer your letter to the best of my recollection as I am away from the Records kept in the possession of the Chaplain of Wellington. In the time having or being taking over charge of the Chaplaincy of Wellington, the Evening

Service was held at 6.30 Pm. a much more convenient time for the Service was a voluntary one the attendance of Communicants, which, all told, about 120 or 15. —

I asked the Government for an allowance for lighting, and also for a certain sum to procure Lamps for the Room —

By the letter enclosed I see that the sum was Rupees one hundred and sixty eight. — as it was utterly impossible to obtain any number of lights, sufficient to light the Room with a small, a sum so determined to purchase Pellets lights from Messrs Oakes & Co, and these, together with two lamps near the alter, and some lights for the Choir seats, were quite sufficient for the number who attended in my time.

As the Reverend D. G. Clarke has applied for more lights, I have no doubt the Congregation has considerably increased which renders it necessary. —

I trust this explanation will be considered sufficient

I remain

Yours faithfully
