*Proceedings of the Madras Government, Public Works Department,
26th April 1877. No. 1,430.*

No. 625. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 16th April 1877, No. 227 :—

From W. S. BETTS, Esq., Agent of the South Indian Railway, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Negapatam, 6th April 1877, No. 3,041.

I HAVE the honor to forward you herewith for information copy of the Consulting Physician's Sanitary Report for quarter ended 30th March 1877.

From Surgeon L. BEECH, Consulting Physician, to W. S. BETTS, Esq., Agent of the South Indian Railway, dated Negapatam, 5th April 1877.

I BEG herewith to send my quarterly Sanitary Report ending 31st March 1877.

2. During the past quarter a new section of line has been opened, at some of the stations the chatty filters have been introduced, the Brahmin water-carrier engaged and other sanitary arrangement carried out. On the rest of the line the sanitary condition of the stations is all that could be desired, but I find that frequently not enough sand and charcoal is put into the middle chatty; in one or two cases I personally directed the Station-masters to rectify this. Latrines are regularly cleaned and in good order, and I would hold up as an example to others the extremely pretty and fresh appearance of the garden at the Ammapettah Station.

SUBMITTED for the information of Government.

2. The Agent has been requested to issue the necessary instructions for the filters at all stations being properly looked after.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
Consulting Engineer for Railways.

Negapatam.

My Dear Sir

I beg herewith to send my quarterly Sanitary Report ending 31st March 1877.

During the past quarter a new section of line has been opened, at some of the stations the Chatty filters have been introduced, the Brahmia water carriers engaged and other Sanitary arrangements carried out. On the rest of the line the Sanitary condition of the stations is all that could be desired but I find that frequently not enough sand and charcoal is put into the middle Chatty, in one or two cases I personally directed the Station Masters to rectify this. Satrises are regularly cleaned and in good order, and I would hold up as an example to others the extremely pretty and fresh appearance of the garden at the Annamapettah Station.

I am

My Dear Sir

Yours faithfully,

(Sd) Lionel Beale
Consulting Physician
