No. 651. Read the following endorsement of the Joint Secretary to the Government of Bengal, Public Works Department, Irrigation Branch, dated 16th April 1877, No. 1,350—I.E.:—

From A. J. OLDHAM, Esq., Assistant Engineer, Famine Relief Works, to the Secretary to the Government of Bengal, Public Works Department, Irrigation Branch, dated Adoni, 2nd April 1877.

I HAVE the honor to ask what allowances I, as an Assistant Engineer in the Public Works Department temporarily transferred to the Madras Government, am to draw while employed in this Presidency. Civil and Military Officers who have been similarly transferred here draw special allowances of Rupees 300 and Rupees 200 per month according to their standing being over or under five years service. They also draw the travelling allowance of Civil Officers in the Presidency. In the famine of 1874 the Public Works Department Officers, who were then specially employed, got the pay of the grade above that in which they were and an addition of 50 per cent. to their travelling allowance. I hear that my allowance here is to be Rupees 60 per month, but have received no official instructions on the subject. In view of the precedent above quoted, and considering that my work and circumstances are very similar to those of the Civil and Military Officer, I would urge that this is not adequate, and apply to you in the hopes that you will represent the matter to the Government of India.

TRANSFERRED in original to the Secretary to the Government of Madras, Public Works Department, for disposal.
