No. 32. Proceedings of the Madras Government in the Financial Department,
dated 27th October 1877, No. 2,594.

Read the following letter from the Acting Superintendent of Stamps and
Stationery, dated 19th October 1877, No. 694 :—

I GATHER from the Public Works G.O., 8th instant, No. 925 W, communicated
to me in Financial G.O., 17th idem, No. 2,523, that the erection of the tiled shed for
the Stationery Office is suspended until funds are available for the erection of new
lines for mules, &c. No intimation is given when funds are likely to be available.
I beg therefore to submit for the consideration of Government that the present arrange-
ment, by which the Manager and Clerks of the Stationery Office with a portion of the
stores are removed to a building 170 yards distant, although the best I could recommend
as a temporary one in the circumstances, is one which ought not to be continued
longer than is absolutely unavoidable. The disadvantages of such a separation of
parts of the same establishment for a lengthened period are so obvious that it seems
unnecessary to dwell on the subject, and I would therefore only urge that, as the erec-
tion of the shed required for this office is dependent upon the provision of suitable
accommodation for mules, &c., the latter measure should, if possible, be hastened.

COMMUNICATED to the Public Works Department for consideration and disposal.
