Buildings and Roads,
Civil Works.

Read the following paper :—

No. 51. From F. N. THOROWGOOD, Esq., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, Buildings and Roads, dated Madras, 19th October 1877, No. 53 W.

I HAVE the honor to state that I am anxious to correct any false impression that may have arisen through the wording of paragraph 6 of the Progress Report of these works for September (letter No. 49 W, dated 1st October.)

2. Paragraph No. 3 of the Order thereon, No. 1,001 W, dated 12th October would seem to make out my meaning to be that the Madras Railway Company rather had tempted my diver to leave these works by the offer of better pay. I regret it extremely if I have expressed myself so as to be understood thus.

3. The diver left of his own accord as he could not agree with other men, and as I was much pleased with the man, I mentioned his name myself to the Chief Engineer, Madras Railway, who I knew to be in want of divers at the time. Nothing that I could do would induce the man to remain here.

4. I would respectfully ask that this may be communicated to the Consulting Engineer for Railways in continuation of the Progress Report in question, in case he should imagine that the Madras Railway Company had deprived me of a useful man. From the Madras Railway Company I always receive every possible assistance.

No. 52. ORDER THEREON, 5th November 1877, No. 1,462 W.

RECORDED in continuation of G.O., No. 1,001 W, dated 12th October 1877, the last paragraph of which will be cancelled.
