GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

13th November 1877, No. 1,624 W.

General.
Establishment.

Read the following paper :—

No. 131. From W. S. HARINGTON, Esq., District Engineer, Madura, to the Secretary to Government, Public Works Department, dated Madura, 4th November 1877, No. 193.

I HAVE the honor to state that the Executive Engineer in charge of the Dindigul Range, in his No. 2,165, dated 24th ultimo, reports that a Store Kavalgar has been employed for many years in the Pulney taluq and that his pay has been and is

charged to the maintenance of road No. 31 from Dindigul to Pulney.

2. As G.O., No. 2,786, dated 2nd October 1874, prohibits the employment of any extra men out of maintenance grants, I request that you will be good enough to obtain the sanction of Government for the entertainment of a Store Watchman on Rupees 4 per mensem. The same request was made and complied with for the south Peracolum and Meylur taluqs—vide G.Os., Nos. 1,192 and 189 W, dated, respectively, 6th April and 4th June last.

3. I enclose copy of Mr. Paynter's number above quoted for your information. I think that as Mr. Paynter took over charge of the Dindigul Division on the 21st April last, he should have discovered before this that the Kavalgar had been paid in an irregular manner, viz., from funds set apart from the road maintenance; but he states that his office work is exceedingly heavy and almost beyond his power to keep down, so he did not notice the irregularity which, when he did discover, he reported.

No. 132. ORDER THEREON, 13th November 1877, No. 1,624 W.

A WATCHMAN may be engaged and the cost debited to the maintenance allowance of the roads concerned, as will also the pay of the Watchman sanctioned in the orders of the 6th April and 4th June 1877, Nos. 1,192 and 189 W, in accordance with the principle laid down in the Orders of the 2nd October 1874, No. 2,786, passed on paragraph 4 of the Deputy Examiner's report therein recorded.

Sir

I have the honor to forward to
you for consideration and orders copies of the
Correspondence noted in the margin

2. It appears that a Store
Kavalgar has been employed
for many years in the Pulney
Talook, and this man was appointed
by the Range Officer so far back as
the 8th July 1874 owing to the death of
the previous Store Kavalgar.

3. I do not know in what Authority
the Range Officer entertained the man
but I can certify that he is very necessary
to guard the tools the Overseer has in
store, as no lascar can be spared for
the purpose. I request consequently
that you will be good enough to
permit me to retain the services of
the man, and that he may be
paid from the sums granted for

maintenance of roads. The Overseer
has very few except Local Fund tools
in his charge
