Public Works DEPARTMENT.

G.O. No. 10 / 168 (Ly) Press
~~Mis.~~

Dated 19 - 1 - 1877.

Not to be folded or roughly handled

No. 326. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 11th January 1877, No. 19 :—

I HAVE the honor to submit, in duplicate, the Budget estimates of the South Indian Railway for the year 1877-78. The accompanying note is also in duplicate, with a view to one copy being forwarded to the Government of India.

2. The delay which has occurred in the submission of these estimates is due to late receipt in this office and to their having afterwards to be entirely recast so as to bring the total figures more into accord with the probable transactions with the treasury.

No. 327. ORDER THEREON, 19th January 1877, No. 167.

RAILWAY, No. 23.

REGULAR AND BUDGET ESTIMATES OF THE SOUTH INDIAN RAILWAY.

Capital.

The Regular estimate for the current year is accepted for Rupees 30,13,493, which differs very little from the Budget estimate. The Budget estimate for 1877-78 has been prepared for a sum of Rupees 34,32,099; but the Consulting Engineer has recommended various reductions, bringing down the probable expenditure of next year to Rupees 28,00,528, at which figure it will be allowed to stand.

2. The following statement shows the figures accepted for 1877-78 as compared with the Regular and Budget estimates of the current year and the actuals for 1875-76 :—

	Actuals for 1875-76.	Budget Estimate for 1876-77.	Regular Estimate for 1876-77.	Budget Estimate for 1877-78.
	Rs.	Rs.	Rs.	Rs.
Outlay	30,34,616	30,00,000	30,13,493	28,00,528
Refunds	5,26,804	4,00,000	4,60,000	5,80,000
Net Receipts ...	25,07,812	26,00,000	25,53,493	22,20,528

Revenue.

3. The Consulting Engineer's Regular estimate of receipts is slightly in excess of that put forward by the Company. There seems no reason why the larger figure, Rupees 20,75,000, should not be reached. The Regular estimate of expenditure is abnormally high. But exceptional causes have tended to make it so, the circumstances of which have been before Government during the year. The figure at which the gross earnings for 1877-78 is estimated by the Consulting Engineer is preferred to the lower estimate framed by the Railway Authorities. Development of the traffic within

Proceedings of the Madras Government, Public Works Department,
19th January 1877. *No.* 168.

the reasonable limits assigned by Colonel Shaw-Stewart may well be looked for. The estimate of working expenses for next year will remain unaltered.

Note on the South Indian Railway estimates for 1876-77 and 1877-78

Advances on Capital Account.

Regular Estimate 1876-77—The figures entered for the Regular Estimate differ but little from the sanctioned Budget, and may, it is thought, be accepted. The estimate now submitted was framed after the probable requirements had been discussed with the Railway Authorities

Budget Estimate 1877-78—Seeing that construction works are drawing to a close, and that only 47 miles of the Northern Extension will remain to be opened on 1st April next, it is thought

thought that the probable expenditure has been overestimated. It may also be said that expenditure on construction depends in great measure on the number of Engineers employed; and as considerable reductions are being made in the staff, it is thought that the total expenditure for the year may be reduced to Rs 28, 00, 000.

Engineering Department. Schedule A

The following reductions are recommended:-

1	Earthwork to be reduced by	50,000
2	Minor bridges " "	20,000
3	Large bridges " "	60,000
5	Level crossings " "	30,000
	Ballasting " "	50,000
	Permanent Way " "	40,000
	Stations and Buildings " "	1,00,000
	Total Rs	3,50,000

This will leave for sanctioned works Rs 13,22,683.

Engineering Department. Schedule B

Under the head "Southern Extension" have been included all works entered in the schedule of future requirements, and although these may be eventually undertaken, the number it is thought that a considerable may well be postponed until the goods traffic has further developed. It is proposed to strike out the salt godowns at all stations except Manarpurai, Amayanaikanur, Madura, Srivaikundam, Sattur, and Srivilly. This is a reduction of Rs 84,812.

Of

It has also been decided to postpone the accommodation for travellers at Shiahinopoly, which is not at present considered necessary. The total reduction will therefore be Rs 91,240, and the amount remaining for the Southern Extension Rs 1,51,298.

For the Madras-Tanjore section no reduction is proposed. The increased accommodation at Madras is for the Locomotive Department, which is not at present in a position to carry out the work which will be necessary at this end of the system.

Under "line opened for traffic more than 3 years", it is thought that the conversion of gauge between Shiahinopoly and Erode may for the present be omitted. As regards the additional works at Negapatam, it seems improbable that they will all be completed during the ensuing year; and it is recommended that the amount entered (Rs 64,292) be reduced to Rs 30,000.

The amount for this section will then stand at Rs 30,043, and the total for unsanctioned works at Rs 2,38,984*

In the Locomotive Department-provision-is made under Schedule B for an increase to the rolling stock, which will it is thought

thought be required as the traffic increases. The amount entered may therefore be allowed to stand.

Under the other heads no remarks appear necessary, and no alteration is recommended.

The estimates as modified by this office will be as follows:-

	Regular Estimate 1876-77	Budget Estimate 1877-78
Engineering		
Sanctioned Works	17,43,313	13,22,683
Unsanctioned Works	-	2,38,984
Locomotive		
Sanctioned Works	71,190	36,210
Unsanctioned Works	10,000	94,451
Establishments	4,88,990	4,58,200
Stores	7,00,000	6,50,000
Total	30,13,493	28,00,528
Receipts	4,60,000	5,80,000
Net Cash Demands	25,53,493	22,20,528

Revenue Account

Regular Estimate 1876-77 — The figures now submitted compare as follows with the sanctioned Budget:-

	Budget Estimate.	Regular Estimate
Receipts	20,50,000	19,87,000
Expenditure	9,50,000	11,12,081
Profits.	11,00,000	8,74,919

The receipts up to the week ending 9th December amounted approximately to Rs 13,95,000; and, considering the extra length opened for traffic, it is thought that for the remaining 16 weeks of the official year the earnings may be taken at Rs 42,500 per week, or Rs 6,80,000 in all. This would bring the total to

to ₹ 20,75,000, which is considered a safe estimate. The working expenses have been increased by the amounts debited to Revenue on account of loss on rolling-stock, and the provision for repairs to locomotives which have been allowed to fall into bad order in view of the conversion of gauge. The working expenses may it is thought be taken at ₹ 11,00,000. Budget Estimate 1877-78. The gross earnings are entered at ₹ 25,00,000; but, considering the development of traffic which may reasonably be expected on the newly opened sections, it is thought that

that the receipts should work up to ₹ 50,000 per week, or ₹ 26,00,000 for the year. The figures entered under working expenses will probably be found good approximations. There will be an increase under maintenance, owing to a portion of the new lines having become debitable to the Revenue Account, and the increased provision under "Locomotive" and "Traffic" is due to the greater average mileage which will be worked during the year.

The figures, as modified by this office and recommended

recommended for adoption, are as follows :-

	Regular Estimate 1876-77	Budget Estimate 1877-78.
Receipts		
Administrative	26,75,000	26,00,000
Suspense	1,50,000	1,50,000
Financial	22,25,000	27,50,000
Withdrawals		
Administrative	11,00,000	12,38,000
Suspence	1,50,000	1,50,000

Read the following:—

From Chief Engineer for Rys. (No. 1 & 2 dt. 19 & 11th January 1877.)

Regular and Budget Estimates of the Southern Indian Railway.

Capital

The Regular Estimate for the current year as accepted for Rs 30,72,193 differs very little from the Budget Estimate for 1877-78 now before Government

The Budget Estimate for 1877-78 has been prepared for a sum of Rs 31,32,099 but the travelling

Engineer

Engineer has recommended various reductions in bringing down the probable expenditure of next year to Rs 28,00,528. at which figure it will be allowed to stand.

The following statement shows the figures accepted for 1877-78 as compared with the Regular and Budget Estimates of the current year and the actuals for 1875-76.

	Actuals for 1875-76	Budget Estimate for 1876-77	Regular Estimate for 1876-77	Budget Estimate for 1877-78
Outlay	30,34,616	30,00,000	30,13,493	28,00,528
Refunds	5,26,804	4,00,000	4,60,000	5,80,000
Net Receipts	25,07,812	26,00,000	25,53,493	22,20,528

Revenue.

The Consulting Engineer's Regular Estimate of Receipts is slightly in excess of that prepared by the Local Agency. There seems no reason why the larger figure, Rs 30,75,000, should not be realized.

The Regular Estimate of expenditure is abnormally high, but exceptional causes have tended to make it so the circumstances of which have been before Government during the year. The figures

figures at which the
gross earnings for 1877-78
is estimated by the
Executive Engineer
is preferred to the
lower estimate framed
by the Railway Admin-
istration. Development of
the traffic within the
practicable limits as-
signed by Colonel
Alan Stewart may
well be looked for.
The estimate of working
expenses for next yr
will remain unaltered.
