Read the following:—

No. 184. ABSTRACT.—Statement from District Engineers of works of public utility constructed by private individuals at their own cost during the year 1876-77 tabulated by the Chief Engineer.

No. 185. ORDER THEREON, 20th November 1877, No. 1,733 W.

ORDERED that the revised and tabulated statement be published in the *Fort St. George Gazette*, those works originally included by the District Engineers which cost less than Rupees 100, and those the uses of which are restricted, having been eliminated.

2. It is observed that the District Engineer, South Canara, has included two repair works in his return which was forbidden in G.O., No. 2,100, of 23rd July 1875.

Sir,

In reply to your Memorandum No 2665 dated 31st Oct. 77. I have the honor to state that in my statement of Works of Public utility constructed by private individuals at their cost during 1876-77, only two Buildings were shown, that is, one Choultry at Koliamut and one Madam at Valavanur, both in the Villupuram Taluq; there is no mistake in the locality of these. Vatavalam, which is in the Trinomalay Taluq, was never meant for Valavanur; in fact no intimation was ever received of any Choultry having been built at this place during the year.

I have the honor to be
Sir
Your most obedient Servt

Read the following:—

Statement from District Engineers of works of public utility Constructed by private individuals, at their own cost during the year 1876-77. tabulated by the Chief Engineer.

Ordered that the revised and tabulated statement be published in the Fort St. George Gazette, those works originally included by the District Engineer which cost less than Rs 100, and those the use of which are restricted, having been eliminated.

It is observed that the Dist. Engineer, South Canara, has included two repair works in his Return which was forbidden in G.O. No. 2100 of 23rd July 1875.
