GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

26th November 1877, No. 1,787 W.

Buildings and Roads.

Civil Works.

Read the following papers:—

No. 226. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Public Works Department, dated Fort St. George, 13th November 1877, No. 4,632.

I HAVE the honor to submit an estimate, amounting to Rupees 930, for sinking a

One estimate.

One copy of letter.

new well in the compound of the Public Works Stores and Workshop at Seven

Wells for the purpose of supplying the

works with water, together with a copy of letter from the General Superintendent, Public Works Stores, No. 2,442, dated 30th October 1877, explaining the necessity of the well. I request that the sanction of Government may be obtained for the work being proceeded with on emergency.

From J. N. GRAINGER, Esq., General Superintendent, Public Works Workshops and Stores, to Major ROSS THOMPSON, R.E., District Engineer, Presidency, dated Madras, 30th October 1877, No. 2,442.

I HAVE the honor to forward estimate prepared by the Assistant Engineer, Fort Range, for sinking a well, 15 feet diameter and 30 feet deep, in the compound of the Presidency Public Works Workshops, and to request that you will obtain the sanction of Government for executing the work on emergency.

2. The motive power in use at present is a 6-horse power engine, which is barely sufficient to drive half the machinery in the machine shops, and until the well is sunk and water laid on to the boiler of the 40-horse power engine, which is ready for work, the whole of the machinery and the an for the foundry cannot be brought into use. It is intended that this well should supply the whole of the works with water, and for this purpose I beg that the Assistant Engineer may be requested to furnish an estimate for a cistern 6 feet x 6 feet x 4 feet in close contiguity to the well with two brass taps 2-inch diameter for drawing off.

No. 226-A. Endorsement of the District Engineer, Presidency, dated 22nd November 1877, No. 4,868.

From J. N. GRAINGER, Esq., General Superintendent, Public Works Workshops and Stores, to Major ROSS THOMPSON, R.E., District Engineer, Presidency, dated Madras, 19th November 1877, No. 2,620.

With reference to memorandum No. 3,917, dated 14th November 1877, from the Deputy Chief Engineer, Public Works Department, received under your endorsement, No. 4,716, of the 16th instant, I have the honor to state that the cost for sinking a well in the compound of the Public Works Stores and Workshops could be met from the 30,000 Rupees provided in the Budget for "Increase to Capital" to Workshops.

2 PUBLIC WORKS DEPARTMENT, 26TH NOVEMBER 1877, No. 1,787 W.

SUBMITTED to the Chief Engineer, Buildings and Roads, with reference to his memorandum No. 3,917, dated 14th November 1877.

(Signed) ROSS THOMPSON, Major, R.E.,
District Engineer, Presidency.

No. 227. ORDER THEREON, 26th November 1877, No. 1,787 W.

THE estimate of Rupees 930 is sanctioned, the cost being met by the Workshops.

2. This sanction has been registered as Provincial No. 213 B of 1877-78.
