Account.

Read the following paper :—

- No. 13. Endorsement of the Under Secretary to Government in the Financial Department, dated 26th May 1877, No. 1,125.
Proceedings of the Board of Revenue, dated 21st May 1877, Miscellaneous No. 7,367.
Read Proceedings of the Madras Government, Financial Department, dated 18th April 1877, No. 1,283, communicating letter from Chief Commissioner, Assam, furnishing information regarding the steam ferry boat designed for use in that province.

COMMUNICATED to the Collector of Godavery.

2. It appears to the Board that the best plan will be to have the boat built at the Dowlaishweram Workshop, the steam and stern posts being got from Calcutta, and the engines either from Calcutta or from England as the Public Works Department may advise.

3. But final orders cannot be passed until information of the cost of these things can be obtained, as suggested in Board's Proceedings, 23rd February 1877, No. 833.

Read the following paper:—

No. 11. Endorsement of the Under Secretary to Government, Financial Department, dated 12th May 1877, No. 1,026.

From L. R. BURROWS, Esq., Acting President of the Municipal Commission, to the Officiating Chief Secretary to Government, dated Madras, 9th May 1877, No. 217 E.

THE roadways over the following bridges, viz:—

Government House Bridge,
Commander-in-Chief's Bridge,
College Bridge,
General Hospital Bridge,
Elephant Gate Bridge,

being out of repair the attention of the Presidency District Engineer has on several occasions been drawn to them, as these portions of roadway have now been transferred to the Public Works Department under G.O., 5th October 1876, No. 2,690, Public Works Department, in which the annual grant for their maintenance was withdrawn from the Municipality and they were transferred to the Public Works Department.

2. As the Municipality are in a better position than the Public Works Department for keeping these roadways in good order, I have the honor to suggest, for the consideration of Government, whether it would not be advisable to revert to the old system of placing them under the Municipality and continuing the annual grant for their maintenance.

TRANSFERRED to the Public Works Department.

(Signed) J. STURROCK,
Under Secretary.

No. 12. ORDER THEREON, 1st June 1877, No. 182 W.

THE Government are not prepared to rescind their former decision that the District Engineer should keep in repair the roads over Government bridges and through Government compounds. It appears that the Presidency District Engineer has failed to give the work the attention he should have done. The Government can from personal knowledge corroborate Mr. Burrows' statement that the roadways over the bridges named in his letter are out of repair; the Napier Bridge might, it is observed, be added to the list.

2. There will be no objection to the District Engineer arranging for the work being undertaken by contract, which would possibly secure its better execution.
