Read the following papers :—

No. 360. From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery District, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department—through the Examiner of Public Works Accounts—dated Dowlaishweram, 2nd January 1877, No. 2,777.

I HAVE the honor to inform you that the Overseer in charge of the Ellore Range has met with a bad accident* and fractured his thigh, in consequence of which he will probably not be fit for active duty for some months.

One original report, No. 248, dated 23rd December 1876, from Ellore Division Officer.

* *Vide* accompanying report.

2. I visited him this morning at Rajahmundry Civil Dispensary, and find that he is doing as well as can be expected; but he must take two months' privilege leave, and should not ride on horseback for several months. I am therefore obliged to place Assistant Engineer Mr. Taylor in charge of the Ellore Range, and Anicut Superintendent Ramannah Naidu must act as sub-divisional officer in the head-quarters sub-division of the Eastern Delta while the present reduced state of the establishment lasts.

3. I regret very much having to deprive the Eastern Delta of its only Assistant Engineer, but you will observe that it is quite unavoidable; and I hope that as soon as the demand for officers and subordinates in the famine stricken districts ceases, the urgent claims of this district will receive early attention, and that I shall be enabled to send Mr. Taylor back to No. 1 Range.

From Mr. J. MAHONY, Overseer in charge, Ellore Division, to Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery District, dated Rajahmundry, 23rd December 1876, No. 248.

I beg to report that a most unfortunate accident has befallen me. I was returning at 3 P.M. on the 21st instant from Bedadanole after the count of the coal-boring tools and plant there, when happening to cross a cleared space in the jungle which was thickly covered with long grass, my pony fell into a round pit about 4 feet deep and about 4 feet in diameter, and in the fall the whole weight of the pony coming on my left thigh fractured it. With the assistance of Mr. Traish, who was then with me, the leg was bandaged up and I was placed on a country-cot and conveyed to this place. I arrived here at about 10 o'clock this morning, and put myself under the care of the Zillah Surgeon of the Civil Dispensary. The Surgeon states that it will take at least twenty-one days before I will be able to be on my feet again. I therefore beg that I may be relieved of the charge of the Ellore Division as soon as possible. Also I may here add that your docket, No. 2,631, dated 13th, requiring me to meet you on the 17th instant at Dowlaishweram, was only received by me on the morning of the 21st instant.

No. 360-A. From the Examiner of Public Works Accounts, dated 9th January 1877.

Proceedings of the Madras Government, Public Works Department,
19th January 1877. No. 185.

No. 361.

ORDER THEREON, 19th January 1877, No. 185.

ESTABLISHMENT, No. 21.

THE District Engineer will be informed that the Government have approved of the Chief Engineer's recommendation to strengthen the executive staff at his disposal, which has been reduced by sickness and transfers to other districts, by the posting to it of Mr. Sub-Engineer Fouracres, whose services have been temporarily transferred from Bengal.

(True Extract.)

Major-General, R.E.,
Secretary to Government.

To the Superintending Engineer, Godavery
To Mr. Fouracres.
To the Examiner of Public Works Accounts

36
The Chief Engineer
considered that the
best way to
live the services
of Mr. Sub-Engineer
Fouracres who
has had migration
experience in Goda-
verry and who
would be not dis-
satisfied in Goda-
verry, but
in the Godavery
District which has
been rather emp-
ty to meet
demands from
other Districts;
and in which
an Overseer Offi-
cer is now re-
ported disabled.
It is considered
probable that
L. J. Mullins

Subsequent orders of the
in the Government's official
in this file

would coincide
in that view -
Perhaps the prob-
ing of Mr. Jones
acres might
stand over till
~~then~~ his return;
as Mr. J. is at many
rate unprepared
to take the field
for want of horse
and tents, which
he may be called
on to obtain
the interest
of the land
and
some of the
most important
interests in the
country are
involved in the
question.
There is much
to be done in the
country.
