GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

3rd December 1877, No. 1,919 W.

Buildings and Roads.
Civil Works.

Read the following papers:—

No. 21. From Captain J. L. L. MORANT, R.E., District Engineer, Nilgiris, to the Chief Engineer, Public Works Department, dated Ootacamund, 5th October 1877, No. 403.

With reference to Public Works G.O., No. 139 W, dated 15th August 1877, I have the honor to submit two plans and three detailed estimates for repairing the Lawrence Asylum at Ootacamund.

2. The three estimates amount to Rupees 10,330. Out of these one estimate, amounting to Rupees 2,850, is for restoring the gutters of the three corridors of the male branch which now leak a good deal. This work was not included in my former approximate estimate. The other two estimates, amounting to Rupees 7,480, are for the works approximately estimated to cost Rupees 6,000.

3. I beg the favor of the return of the plans.

No. 21-A. From the same Officer, dated Ootacamund, 24th November 1877, No. 470.

With reference to your memorandum No. 3,495, dated the 25th October last, desiring me to refer the estimates (accompaniments to my letter No. 403 of the 5th of the same month) for the remarks of the Lawrence Asylum Committee, I

Letter No. 1,120, from the Rev. Deane.

Do. " 1,179, "

Do. " 731, " District Engineer.

I have the honor to submit the copies of letters as per margin, from which you will observe that the Committee consider that the white-washing and minor repairs may be deferred for the present until funds are available for the purpose.

No. 22. ORDER THEREON, 3rd December 1877, No. 1,919 W.

Funds will be provided for the repairs in the outgoing Budget. But any work of repair that may be immediately necessary for preservation of the building from injury should not be postponed.

Sir

With reference to the
memorandum from the Chief Engineer
No 3495 dated 25th October 1877, I have
the honor to state that the estimates
for the repairs of the Lawrence. Mysore
buildings have been laid before
the Committee and considered
by them.
The Committee inspected
the main building yesterday when
it was directed to invite your attention
to the serious injury likely to
occur. Should not some of its walls
be protected against being further
saturated with wet, owing it is
presumed to leakage in the leaden

valleys, running on both side
of the passages in the east and west
wings, and elsewhere. The walls
in several places for many feet
square, are thoroughly soaked and
covered with green mould.

The Committee, therefore,
having decided on to request that
you will be so good as to adopt
such a course as you may deem
best for having these repairs, which
are likely to become more serious
by daily exposure with a little
delay, as possible.

They consider that the
white washing and minor repairs
may be deferred for the present
until funds are available for the
purpose.
