*Proceedings of the Madras Government, Public Works Department,
22nd January 1877. No. 199.*

No. 385. Read the following docket from the Government of India in the Public Works Department, (Account—General,) dated Fort William, 8th January 1877, Nos. 8—27, A.—G. :—

COPY of the following forwarded to the several Local Governments and Adminis-

The Governments of Madras and Bombay in the Public Works Department, Buildings and Roads, Irrigation and Railway Branches.
The Governments of the North-Western Provinces, and Punjab, in the Public Works Department, General and Irrigation Branches.
The Chief Commissioners, Oudh, Central Provinces, British Burmah, Mysore and Coorg, and Assam.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India and Rajputana.
The Superintendent of Port Blair, and Chief Commissioner, Andaman and Nicobar Islands.
The Inspector-General of Military Works.
The Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore and Lucknow.

trations, and to the officers noted in the margin, for information and guidance, with the remark that the Director of State Railways will be

asked to arrange for the circulation of lists of the stores in question, and that every opportunity should be taken to utilize the materials.

Extract paragraph 2 of Despatch from Secretary of State, to the Government of India, No. 106 R, dated 12th October 1876.

"Paragraph 2. Mr. Rendel had suggested in relation to the supply of engine power for these shops that some of the locomotives unfit for use as such might be utilized. I have thought it better to supply new engines specially suited to the work to be done, but other cases may arise in which engines past use as locomotives may yet be found suitable for other purposes, not only in the Railway Department, but in other branches of the Public Works Department; and wherever this may be the case, it will be desirable to use them in that manner, rather than to dispose of them as unserviceable stores."
