Read the following paper:—

No. 107. Endorsement of the Chief Secretary to Government, Ecclesiastical Department, dated Fort St. George, 5th December 1877, No. 2,299.

From C. T. LONGLEY, Esq., Collector of Salem, to the Chief Secretary to Government, dated Salem, 1st December 1877, No. 650.

In the month of April last, the Acting Sub-Collector, Mr. LeFanu, brought to my notice that some tombs of European Officers situated on the right hand side of the road from Royacottah to Kristnaghiri were not enclosed, and suggested the expediency of a wall to protect them. On this I addressed the District Engineer in view to a wall being built. But that officer now writes that as the work is likely to cost about Rupees 800, he cannot under existing orders prepare an estimate and submit to Government without their previous sanction. A copy of the District Engineer's letter is enclosed, and I have the honor to request that Government will be pleased to sanction the work.

From Major J. PENNYCUICK, R.E., District Engineer of Salem, to C. T. LONGLEY, Esq., Collector of Salem, dated Maltoor, 2nd October 1877, No. 278.

With reference to your letter No. 239, of the 19th May last, which has only just been brought to my notice, I have the honor to state that the cost of the wall in question will be about Rupees 800; under the orders of Government I am precluded from submitting any estimate for a new work whose cost is likely to exceed Rupees 500 without the previous sanction of Government, which should be applied for in the department concerned.

Transferred to the Public Works Department for disposal.

(Signed) D. F. CARMICHAEL,
Chief Secretary.

No. 108. Order thereon, 10th December 1877, No. 2,038 W.

The District Engineer will estimate for the wall in question, and state approximately the alternative cost of a surrounding effective trench.
