GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

8th June 1877, No. 210 W.

Buildings and Roads.
Military Works.

Read the following papers:—

No. 66. From Lieutenant-Colonel J. VERTUE, R.E., District Engineer, Trichinopoly, to the Chief Engineer, Public Works Department, Buildings and Roads, dated Trichinopoly, 20th March 1877, No. 1,051.

WITH reference to G.O., No. 751, of 5th instant, I have the honor to report that

Amount of estimate	RS. 14,100	the entire amount, Rupees 14,100, of the estimate for the re-roofing the European Detail Hospital can be expended next year.
Value of material purchased that can be used	2,350	
Net balance required	11,750	2. Government having resolved to grant funds for this purpose, and it being

of the utmost importance that the work should be completed at the earliest possible date, I shall at once make arrangement for commencing the work.

No. 66A. From the same Officer, dated Trichinopoly, 4th June 1877, No. 203.

REFERRING to G.O., No. 751, of 5th March 1877, I beg to bring to notice the paramount necessity for carrying out the improvements to the European Hospital (estimate Rupees 14,100).

2. What has been done merely secures against danger from the roof falling in, but not against leakage, of which there are constant complaints, the fact being that the roof is so old that when men go on it to turn tiles and remedy leakage on it in one place tiles become destroyed in another and there leakage occurs.

3. I think it matter for regret that the alterations were not carried out instead of strengthening the roof, as the expenditure on that and all subsequent expenditure is so much money thrown away, and after all you are left with a leaky building most imperfectly ventilated.

4. If Government is in such an impecunious state as to be unable to grant funds for the work, would sanction be given to execute the work if a contractor can be found to carry it out and await payment till funds can be provided, a reasonable rate of interest being in the interim paid to him for the time elapsing between the completion of the work and the grant of funds.

No. 67. ORDER THEREON, 8th June 1877, No. 210 W.

* Subject to the approval of the Government of India. RUPEES 11,750 are appropriated* for the work in question from the Reserve under Military.

Sir,

Referring to G.O. No. 751
of 3rd March 1877, I beg to bring to
notice the paramount necessity for
carrying out the improvements to the
European Hospital (Estimate Rs. 14,100)

2. What has been done merely
secures against danger from the roof
falling in, but not against leakage,
of which there are constant com-
plaints, the fact being, that the
roof is so old that when men go on
it to turn tiles and remedy leakage
on it in one place, tiles become
destroyed in another, and these leakages

leakage occurs.

3. I think it matter for regret that the alterations were not carried out instead of strengthening the Roof, as the expenditure on that and all subsequent expenditure is so much money thrown away and after it all you are left with a leaky building, most imperfectly ventilated.

4. If Government is in such an imppecunious state as to be unable to grant Funds for the Work, would sanction be given to execute the Work, if a Contractor can be found to carry it out, and await payment till Funds can be provided, a reasonable rate of interest being in the interim paid to him for the time elapsing between the completion of the Work, and the grant of Funds
