SIR,—In answer to your letter No. 3,172 I.E., dated 12th September 1877, I am directed to state that the list furnished with it of the Balasore Survey Establishment was referred to the District Engineers of Ganjam and Vizagapatam for report whether they required the services of any of the men in question. The District Engineer of Ganjam, as far as he is able to say at present, is not in need of such help. The District Engineer, Vizagapatam, is in communication with the Superintending Engineer of the South-western Circle regarding S. Casavaloo Naidoo whom he wishes to employ.

2. I am to state that this correspondence will be kept in view, and, should an opportunity hereafter arise of employing any others of the Balasore Establishment, application will be made to the Government of Bengal.

I have the honor to be,

Sir,

Your most obedient servant,

Balason Survey Division
4th September 1877

Sir,
With much regret we beg respectfully to state that the telegram received by you yesterday clearly announced to discontinue the Office Establishment summarily without any mention of our being provided for with similar appointments elsewhere. We have already represented our case through you to the higher authorities in July last, and which was transmitted with your Office Nos 68 and 83 dated 28th June & 11th July 1877 respectively.

We need not recapitulate our long and previous services under Government, the annexed description Roll will fully show that. We beg to say that our services being

ordered to be dispensed with & so
summarily - after having served
Government continuously for 8 and
9 years, and in fact a few of us
since the time the Irrigation works
began in Orissa in 1862, it has
thrown us into excessive anxiety in as
much as the season is so unfavorable
for travelling with families back to
our native places. Such being the
case we earnestly solicit that our
case be represented for the kind
consideration of the Superintending
and Chief Engineers with a view
to our being appointed as Supernumeraries
in the 4 Divisions of the Orissa Circle till
December next, or such time as work
is found for us in accordance to para
3 of Bengal Government's Circular
No 6 E. endorsed by the Assistant
Secretary in the Irrigation Branch
Date Ld. No 2385 S.E. dated 6th December
1876.

Further we venture to say that
to provide for your Office establishment
it will not be so difficult for

Government since its strength
consists of 5 hands, namely 2 Clerks
and 3 Draftsmen, in addition to
Petty Establishment which consists
of only 6 persons / Duffadar, and one
Deputy - the wages of all these do not
amount more than Rs 200/- and odd.
This amount is the only saving that
can be effected by the abolition
of this Division, or in other words we
are the only sufferers by so sudden
a change!

In case no work can be
obtained for us either in the South
Western or Orissa Circles we beg
to offer our services to the famine
Relief works towards Madras -
to which Presidency we all belong
and are therefore acquainted with
its language. To our misfortune
if there is no prospect of Government
providing the 2 Clerks and 3 Drafts-
men mentioned above the only
alternative left for us is to beg the
higher authorities to sanction a
gratuity being granted to us

within a reasonable time, in
consideration of our past and
faithful services. Till the receipt
of the gratuity we beg to state
that we shall wait in Cuttack.

In conclusion we further
respectfully solicit that our
salaries, for the remainder of the
current month, from the date our
services shall have no longer
been required in the Division -
may be kindly sanctioned so as
to enable us to defray our travelling
expenses as far as Cuttack.

We beg to remain

Memo 108.

Balassore 4th September 1877

Submitted to the Superintending Engineer
for his favourable consideration and
orders. If the office establishment
cannot be provided for in Bengal
it is strongly recommended
that they be transferred to Madras
where their services will be very
useful in Jamine duty as
they all can speak Telugu and
some of them even Jarnil. Orders
are solicited as to whether the office
establishment can be paid the full
month's salary for the current month,
or salary only up to the day of their
disincosol.

Memo A 2721.

The 8 September 1877.

Forwarded in duplicate to Chief Engineer, Bengal, Irrigation Branch, for consideration and orders.

States that in accordance with verbal orders the Executive Engineer has been told to pay the Office Establishment their salary up to end of the current month or equivalent to the 15 days notice of disapproval to which the men are entitled. as the work will probably not be closed until the 15th.

Memo

W. J. J. Marden has passed under my orders as Head Clerk of the Poor Law Division of the Board Circle for a period of rather more than two years. He is well acquainted with the accounts of the Public Works Department, and so far as can be judged from the accounts of a small Division is capable of performing the duties of a Divisional Accountant satisfactorily. He previously served as accountant in the late Birmapur Division. He writes a good hand, and his conduct while employed under my orders has been uniformly satisfactory.

Re: B. J. Putnam. Served under my orders
as Second Clerk of the Pure Livestock Division
His duties were principally those of Correspondence
Clerk in which he acquainted
himself well. He writes a fair hand and
acquainted with the accounts of the Public Works
Department. His conduct during the two years
during which he was employed under my orders
has been satisfactory.
