Sir
In forwarding, for transmission
to the Executive Officer, District Division,
the enclosed Memorandum No 65 A
of the 8th October 1877, I have the honor
to inform you that no orders have
been passed by Government exempting
Mr. Montserrat from the fine 10 percent of
salary, inflicting on him for not passing
the prescribed Vernacular Examination,
vide G.O. No 151 dated 13th January 1870.
It will be seen from the accom-
panying Memorandum that the
deduction shown in the Salary Bill
of the District Division from June 1877,
in account of Vernacular fine due by
Mr. Montserrat, has not been recovered from
him although Clause II of this office
Circular No X of 15th July 1873 requires
the deductions to be shown in the

Bills returned audited to be effected as early as possible.

3. I request therefore that arrangements may be made for immediate recovery of the amounts already shown as deductions in the bills, as also of the amounts which may hereafter be shown as deductions on account of particular items till Mr. Mendenhall passes the examinations and exempts from it by Government order.

[True Copy / Forwarded to the
Assistant Engineer, Pervachan Sub
Div with a request that he will
remit the arrears of fine without
delay. His attention is drawn in
connection with this subject to the
Chief Engineer's Circular Memorandum
No 717 dated 16th March last. He
should continue to pay this fine
monthly till he passes in the
language of the District. It is
nothing to the purpose that the
District Engineer has not replied
officially to Mr Montserrat's appli-
cation to be exempted from the
fine; he is perfectly aware that these
applications were forwarded to Government;

they were so on two occasions; as
however Government did not
send any reply it was not in-
cumbent upon the District
Engineer to address them again.
as such pertinacity would assuredly
not have been approved of.
Mr Montserrat knew what the
orders originally were & failing
to receive others should have
obeyed them - He is now requested
to State when he will pay ^{up the arrears which} up to
date would appear to be Rupees
one hundred & seventy five. It is
of course the District Engineer's
duty to see they are paid and
without delay.
