*Proceedings of the Madras Government, Public Works Department,
26th January 1877. No. 265.*

No. 516. Read the following letter from J. D. GRANT, Esq., Officiating District Engineer, Tinnevely, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Sattur, 11th January 1877, No. 16 E:—

As famine relief works have been commenced in this district, I have the honor to request that there may be some addition at once made to the establishment.

In five taluqs works are required, for which there are available in addition to myself—

- 1 Assistant Engineer.
- 1 Sub-Engineer.
- 1 Supervisor.
- 6 Taluq Overseers.
- 2 Sub-Overseers, 1st Grade.
- 3 Sub-Overseers, 3rd Grade.

The rest of the staff is scarcely sufficient to look after the current work, roads, &c.

2. If the relief works are to be properly supervised, I do not think I can get on with less than five additional Taluq Overseers and one Supervisor.

3. At the same time I would beg that some additional pay or allowance be given to those now at work, since the prices of all grains and of straw are perfectly ruinous to a man on low pay who is obliged to keep and use a horse or bullocks.

No. 517. ORDER THEREON, 26th January 1877, No. 265.

ESTABLISHMENT, No. 29.

The District Engineer is at liberty to appoint such additional number of temporary Sub-Overseers of various grades as may be required to assist in laying out and supervising Famine Relief Works.

2. His proposals as to grant of batta are too indefinite to be dealt with.
