*Proceedings of the Madras Government, Public Works Department,
30th January 1877. No. 281.*

No. 579. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Major-General G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, (Irrigation Branch,) dated Fort William, 18th January 1877, No. 10 A—I :—

I AM directed to acknowledge receipt of your No. 3,192, dated 28th November, soliciting orders as to the classification of a waste weir for the Nellore tank, and requesting sanction to certain points connected therewith.

2. In reply I am to observe that although the present classification for Irrigation Works, which is intended chiefly for canals fed by rivers, is somewhat unsuited to large tanks and reservoirs, which are often the sources of supply in Southern India, it appears clear that the outlay in the present instance ought to fall under the sub-head N, "Tanks and Reservoirs," and I am to request that it may be so exhibited in the Examiner's Accounts.

3. I am to intimate that the Government of India have been pleased to confirm sanction to the estimate for the work, amounting to Rupees 15,600, which has been registered in this office as No. 124 of 1876-77, and to sanction the transfer of the budget allotment of Rupees 10,000 from Ordinary Agricultural to Capital Ordinary; the adjustment of expenditure on the weir prior to the commencement of the current year is likewise authorized.
