GOVERNMENT OF MADRAS  
PUBLIC WORKS DEPARTMENT.

22nd June 1877, No. 285 W.

General  
Establishment.

Read the following paper —

No 208 From J O'SHAUGHNESSY, Esq, District Engineer, Nellore, to the Chief Engineer, Public Works Department, dated Nellore, 14th June 1877, No. 914

SERJEANT PRICE, R E, appointed temporary Overseer in G O, No. 328, dated the 25th January 1877, does not belong to what is called the B Class, he has not been through the Civil Engineering College, and has not passed the Overseer's test; he wishes to know if there is any probability of his being confirmed in his appointment without having to pass the Overseer's test, for if not he desires to leave his present appointment with a view to apply for admission to the College at the commencement of the next ensuing session

2. Serjeant Price is a fairly educated and intelligent young man; he is strong, active and steady, most attentive to his work, and I have no doubt he will be well qualified for a Taluq Overseer's post when the canal is finished. It will be almost wasting his time and services to send him to the College, and I beg to recommend that he be exempted from passing the prescribed test for Taluq Overseer.

3. There are always vacancies for men like Serjeant Price, and there can, I think, be no doubt, if he is exempted from passing the College test, a permanent appointment can be promised to him

No. 209. ORDER THEREON, 22nd June 1877, No. 285 W.

SERJEANT PRICE, R E, has been appointed to the Public Works Department on special duty. Pending the completion of the work on which he is engaged, it is premature to propose his exemption from the Engineering College test with a view to his permanent employment on the effective strength of the department, more especially as there are at present twelve men of Class B unabsorbed
