Government of Madras.

Public Works DEPARTMENT.

G.O. No.	337	(W)	Press
			Mis.
Dated	1-2-	1877.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
1st February 1877. No. 337.*

No. 48. Read the following Proceedings of the Madras Government in the Educational Department, dated 14th December 1876, No. 486 :—

ABSTRACT.—*School-houses.*—The project of improving the Rajahmundry School-house, which has been raised to the status of a College at a cost of Rupees 4,975, sanctioned, and the details referred to Public Works Department for consideration.

No. 49. ORDER THEREON, 1st February 1877, No. 337.

CIVIL WORKS, No. 5.

(a) *Heads of Service.*—Special.
Fund.—Educational Building Fund.
Class.—Original Works.
Main-head.—Civil Buildings.
Sub-head.—G, Educational Department.
Section.—ii. Schools.
Name of Work.—Additions and alterations to the Provincial School-house at Rajahmundry.
Amount.—Rupees 4,975.
To be carried out by the Public Works Department.

HIS GRACE the Governor in Council sanctions the revised plans and estimate of Rupees 4,975 for making certain additions and alterations to the Provincial School-house at Rajahmundry in the Godavery District. The requisite funds, it is observed, will be provided in the Budget Estimate of the Educational Building Fund.

2. This sanction has been registered as Special No. 57—W. of 1876-77.

(True Extract.)

Colonel,

Acting Joint Secretary to Government.

To the Superintending Engineer, Godavery.

School-houses.

No. 32. *Read the following letter from Colonel R. M. MACDONALD, Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 5th December 1876, No. 3777:—*

I have the honor, with reference to G.O., No. 273, of the 20th July 1876, to submit a letter, No. 1290, of the 27th ultimo, from the Inspector of Schools, First Division, with a plan and estimate for the proposed improvement of the Government School-house at Rajahmundry, at a cost of Rupees 2,800.

2. As, however, it is intended to raise the Provincial School to the status of a College, and as Mr. Bilderbeck has been ordered to Rajahmundry to assist Mr. Metcalfe, further accommodation will be needed. The entire cost, including this additional accommodation, will be Rupees 4,975, which I beg to recommend for sanction. The necessary provision can be made in the Budget Estimate of the Educational Building Fund.

From W. R. KERSHAW, Esq., Inspector of Schools, First Division, to the Director of Public Instruction, dated Waltair, 27th November 1876, No. 1290.

I have the honor to forward to you the enclosed plans, estimates, &c., specified below, with reference to the proposed improvements in the Government School-house at Rajahmundry.

The packet marked on the back No. I in blue pencil is the original plan and estimate for Rupees 1,820, which has already been sanctioned by Government.

The packet marked No. II on the back in blue pencil is the revised estimate and plan ordered by Government in G.O., No. 193, of 31st July 1876, and amounts to Rupees 2,800.

2. Since the above-named order was passed, however, the Government have resolved to raise the Provincial School to the rank of a Provincial College, and a second-class room for the second master will be needed. Therefore, in consultation with the District Engineer and the Headmaster, I had a third plan and estimate drawn up, as shown in packet marked on the back No. III, the total cost of the third estimate being Rupees 4,975.

3. If plan and estimate No. II be adopted we shall have an excellent school-house with a noble hall and the additional small rooms that are needed, but there is no provision made for the second European master.

4. If the plan and estimate No. III be adopted we shall have all the accommodation that will be needed for several years to come; a very commodious and, under the circumstances, convenient building for the contemplated collegiate purposes as well as for all public purposes at a trifling cost when compared with the money spent on College buildings in other parts of the Presidency.

5. The packet marked on the back No. IIII is a letter of explanation from the District Engineer with a comparative statement of the three estimates for convenience of reference.

6. I trust that the third plan will be approved by Government, and that the work will be commenced as early as possible. There is one difficulty that I cannot see my way to meet, and that is how to provide for the school work during the time the alterations are in hand. There is a large Municipal hall that perhaps the Commissioners might lend, but that would not accommodate more than half the school; but doubtless the Engineer in charge of the work could arrange that the bricklayers and others should be confined to one part of the building so that school work could be carried on in the other.

Carried over 5/11/8

Proceedings of the Madras Government, Educational Department,
14th December 1876. No. 486.

From Major J. BEATTY, R.E., Officiating Superintending Engineer, Gadavery District, to the
Inspector of Schools, First Division, Waltair, dated Dowlaiswaram, 15th November
1876, No. 2348.

I have the honor to forward you, herewith, three plans and three estimates for the improve-
ments of the Provincial School at Rajahmundry, which will be better understood by reference to
the accompanying statement*.

Three plans,
No. estimates.
One Range Officer's report, No. 165, of 11th instant.
One G.O., No. 193, of 31st July 1876.

* Vide appendix to this letter.

2. The original plan and estimate appears to have been misunderstood at Madras. The
Range Officer first proposed substituting large
archways for small ones, and this was shown on the plan, but with the Headmaster's sanction
this alteration was struck out of the estimate which was submitted without it.

3. As you object to the small archways, I have in revised estimate, No. 1, provided for
removing them; and in four places it will be observed that I have proposed to substitute trusses;
in the other three places (at the centre of the building) it is most convenient and involves much
less expense to substitute large archways. Revised estimate, No. 1, provides also venetian doors
and windows and a greater number of them and better lighting and ventilation in the new work
than was provided in the original estimate.

4. At your request I also furnish revised estimate, No. 2, which provides a room for the
assistant master, and private rooms of larger size for both the masters.

No. 33. ORDER THEREON, 14th December 1876, No. 486.

The project is approved, and the details will be referred to the Public Works
Department for consideration.

2. The estimated charge against the Educational Building Fund is sanc-
tioned.

(True Extract.)

Chief Secretary.

Statement showing the sub heads of each of the 3 Estimates
for improvement of the Provincial School Rajahmundry
now submitted —

Original Estimate.

Lengthening the building so as to provide a room for the Head master also a private room and a store room with all panelled doors & windows	Rs. 1488-8-6
