*Proceedings of the Madras Government, Public Works Department,
2nd February 1877. No. 341.*

Read the following papers :—

No. 55. Proceedings of the Madras Government in the Ecclesiastical Department, dated 15th July 1876, No. 175.

From the Venerable C. R. DRURY, M.A., Archdeacon of Madras, to the Honorable W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 8th July 1876, No. 404.

I beg to submit, for the approval and sanction of Government, plans and estimates for building a new portico for Christ's Church, Kurnool, and certain repairs for the Church and Cemetery, amounting to Rupees 2,000.

2. I forward the letter of the Lay Trustee, Mr. Foster, in which he states that the Church compound wall has in parts fallen down. I also enclose the report of the District Engineer and estimates for the work required.

3. I hope that Government will order the works estimated for to be executed as soon as possible, as it seems to be urgently required.

From W. S. FOSTER, Esq., Lay Trustee, Kurnool, to the Venerable C. R. DRURY, M.A., Archdeacon of Madras, dated Kurnool, 4th July 1876.

With reference to Mr. Hope's letter dated 13th October 1875, I have the honor to observe that nine months have elapsed since the estimates for a portico, compound wall, and other improvements and repairs to the Church and Cemetery of this station were submitted. The present wall round the Church compound has fallen down in several places and is likely to be damaged further by the approaching monsoons. The want of a portico and the other improvements, for the reasons already stated in the report, is also greatly felt. Under these circumstances I request you will be good enough to obtain early sanction for carrying out the improvements and repairs referred to.

ORDER.—Sanctioned and referred to the Public Works Department for the further necessary orders.

2. The repairs appear to be emergently needed.

To be carried out by the Public Works Department.

THE sanction of Rupees 2,000, accorded in Ecclesiastical Department Order No. 175 of 15th July, for certain work to the Church and Cemetery at Kurnool, was invalidated by the fact that the estimates submitted only amounted to Rupees 1,580, and that in them New Works and Repairs were mixed up in a manner expressly prohibited by the rules of the Public Works Department.

2. The District Engineer has now submitted a separate estimate of Rupees 430 for constructing a portico in front of the Church, which is sanctioned, but for which funds cannot at present be provided.

3. He also requests provision of funds for estimates for repairs to the Church and Cemetery respectively, amounting to Rupees 1,000 and Rupees 420. Their amount is accordingly appropriated from the recoveries under suspense head of account Provincial.
