GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

7th July 1877, No. 367 W.

General.
Establishment.

Read the following paper —

No. 78 From Colonel A. S. MOBERLY, R E, District Engineer, Cuddapah,
to the Chief Engineer, Public Works Department, dated Camp, Ungaloo,
25th June 1877, No. 749.

With reference to the objection remarks made by the Examiner of Public Works
Vide accompanying copy Accounts in his list of disallowance
No 186, dated 15th May, against the enter-
tainment of three additional Writers and Lascars for the three 3rd-grade Sub-
Overseers appointed with reference to the scale approved of in your predecessor's
memorandum, No 1,645, dated 8th November 1876, I have the honor to state that
as I understood from the Proceedings of the Local Fund Board, printed with G O,
No. 3,214, dated 28th November 1876, that the entertainment of the three additional
Writers and Lascars had met the approval of Government, I did not consider it
necessary to lay the matter again before you for orders

2. As the Examiner of Public Works Accounts objects to finally admit the
charge on account of the additional establishment mentioned above, I have the honor
to request early sanction for my entertaining this establishment, which is especially
required particularly at the present time

No 79 ORDER THEREON, 7th July 1877, No. 367 W.

It is observed that the authorization given by the Chief Engineer, Public Works
Department, in his memorandum, No
* Confirmed in G O., No 3,214, dated 28th November 1876 1,645,* dated 8th November 1876, for the
entertainment of a certain number of
additional Sub-Overseers for the Cuddapah District did not contemplate any contra-
vention of the Standing Orders of Government in regard to the scale of establishments
admissible to this class of subordinates By the orders in the Revenue Department,
communicated with G O, in the Public Works Department, No. 2,494, dated 29th
July 1869, the provision of establishments is restricted to Overseers or Maistries drawing
Rupees 45 or more These orders preclude the entertainment of establishments for
the three Sub-Overseers of the 3rd grade sanctioned by the Chief Engineer. The
District Engineer was therefore clearly out of order in allowing their engagement
without a previous reference to Government. Even now the Government are not
disposed to sanction the establishments without more detailed explanation of
their necessity than the District Engineer has yet afforded.
