*Proceedings of the Madras Government, Public Works Department,
3rd February 1877. No. 383.*

No. 134. Read the following letter from Major J. VERTUE, R.E., District Engineer, Trichinopoly, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Trichinopoly, 29th January 1877, No. 880 :—

With reference to G.O., No. 312, dated 24th January 1877, on Monthly Appropriation Return up to 8th January, I have the honor to report that the allotment in excess of grant therein noticed was owing to excess expenditure of Rupees 270 on the work renewing verandahs of European temporary barracks, the grant to which has been subsequently transferred from "Repairs" to "Original" (*vide* G.O., No. 3,080, dated 18th November 1876). Hence there is no appropriation in excess of grant.

2. Under present system of appropriation great inconvenience has been experienced in restricting appropriations within grants; unless a certain sum, say, 25 per cent. in excess of grant be authorized for nominal appropriation on works under the sanctioned estimates, an expenditure of the full amount of the grant cannot be fairly expected. With reference to the foregoing it is not at all intended to incur outlay in excess of grant.

No. 135.
