G.O. No.	406 (2)	Press M
Dated	5-2-	1877

Not to be folded or roughly handled

No. 178. Read the following letter from Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 20th December 1876, No. 346 W:—

WITH reference to G.O., No. 2,858, of 26th October 1876, I have the honor to inquire whether this order may be understood as a confirmation of the proceedings of the Chief Engineer for Irrigation in reducing by Rupees 32,000 the appropriations for extraordinary works in the Western Delta Division, Godavery District. I must point out that the Memorandum of the Chief Engineer for Irrigation, dated 19th August, No. 1,254, was never communicated to this Office. Moreover, under existing rules, modifications of Budget appropriations can only be made by the Government, and I respectfully venture to suggest that this course should be followed in future, and that, as regards the past, I should be furnished with a list of modifications made by the Chief Engineer for Irrigation which have received the confirmation of Government.
